

U. S. RUSSIAN POLICY HAS NOT CHANGED

America Refuses to Enter The
Hague Conference Because It
Fears for the Outcome

PROBLEM IS WITHIN

Russia Must Work Out Her Own
Problems Before U. S. Will
Extend Recognition

(By the Associated Press.)

Washington, May 17.—Any question of the recognition by the United States of the Russian Soviet government lies beyond the time when restoration of productivity in Russia shall have been set in motion by that country itself, according to an authoritative source, mainly spoken out the official attitude of the American government obtained today. Refusal to participate both in the Genoa conference and in the proposed commission consideration of Russian affairs at The Hague, it was added, was based on the conviction that such a restoration could not be hoped for under the terms outlined in the Russian memorandum of May 11 at Genoa.

In the meantime, it was explained that the United States is ready to embark with other powers on any purely scientific investigation of conditions in Russia with a view to recommendations as to steps necessary for the commercial, financial and industrial revival of that country, but it will have no part in such deliberations which even imply a recognition of the Soviet regime and would thus tend to "perpetuate delusions" among the Russian people.

It has been said repeatedly by American officials who have a hand in guiding the policy of the government that recognition of the Soviet government by the United States and other countries would not set at foot the economic rehabilitation of Russia. Secretary Hughes indicated this clearly when he informed the Genoa group in his recent note that remedies for Russia's problems must come "from within Russia herself."

Administration officials generally are wholly confident that the American people would never approve recognition of the Soviet regime and indicate their belief that the assembled delegates at Genoa should by now fully understand the fixed nature of the American policy of standing wholly aloof from any international arrangement that might have the appearance of moving toward such recognition.

The Hague Definitely Selected.

Genoa, May 17.—The Hague has been definitely selected as the meeting place for the experts who will further examine the Russian problem, it was announced tonight. Arrangements for The Hague conference in June were practically completed with today's acceptance by the Russians of the proposals submitted to them, which have been amended so as to provide that a truce between the various powers will continue for a maximum of eight months.

A meeting of the political commissions is to be held tomorrow morning and the final plenary session probably on Friday. Premier Lloyd George hopes to start for England Friday afternoon.

The process verbal relating to Lloyd George's plan for dual commissions to meet at The Hague, which was presented to the Russians on Monday last, was adopted with an annex. With the amendment carried today by the sub-committee, it will be sent to the Washington government, which is likely to be considered tomorrow at a meeting of the full political commission.

Pairs, May 17.—The Havas correspondent in Genoa understands that Premier Lloyd George has sent another message to the United States government giving a fuller explanation of the plan for the meeting of the experts' commission at The Hague.

Genoa Conference a "Clinic."

Washington, May 17.—The Genoa conference was described as "more of a clinic than a conference" in a cablegram from Frank A. Vanderlip, New York banker, to the Chamber of Commerce of the United States, which was read at tonight's session of that organization's annual convention.

"It has expressed the variety, nature and extent of the diseases from which Europe is suffering," Mr. Vanderlip said, "but has performed no surgical operation and has administered no important dose of medicine."

Steel Men Invited to Confer With President

Washington, May 17.—President Harding, it became known today, has invited about 40 of the country's leading steel manufacturers to a dinner at the White House tomorrow night.

While official comment was withheld as to the purpose of the gathering, the fact that the President had previously given notice of his intention to have 16 or 20 presidents of the larger railroad lines in conference at the White House Saturday night gave ground for a general understanding that transportation matters would be taken up with the steel

WEST LAURENS MAN GETS INTO TROUBLE

Accused of Driving Car While Intoxicated After Ramming
Ford on Chestnut Street

Cecil Green of West Laurens is in the city jail charged with driving an automobile while in an intoxicated condition and with failing to report an accident as the result of the collision between his Ford car and the Ford machine owned by Mrs. Francis Velle in front of her residence at 258 Chestnut street at about 3:30 o'clock yesterday afternoon. He will be arraigned in city court this morning.

The Velle car was standing close to the curb and without occupants when it was struck by Green. According to witnesses Green, who was going down Chestnut street, was not driving at a high rate of speed but seemed to be unable to control the car. A broken bottle which had evidently contained whiskey was found in his car and substantiates the theory that he had been drinking.

The police were notified and Officer Crouch was dispatched to the scene but by the time he arrived Green was gone. Louis Yager, who lives in the vicinity, having driven him home. He had left his car, however, as a mute witness to the accident. Green was apprehended at about 8 o'clock last night at his home in West Laurens on a warrant issued by City Judge Huntington.

Both cars were badly damaged. The front and rear fenders, the running board and a rear wheel on the Velle car were smashed, the rear axle was bent and other damage done. Green's car had the steering gear badly twisted, a hub cap ripped off and the front axle sprung.

MOTORSHIP SINKING, HALF OF CREW TAKE TO BOATS

Marshfield, Oregon, May 17.—With water steadily rising and close to the motor controlling the vessel's wireless, the motorship Ozmo, which is adrift off Port Oxford, Oregon, after striking a rock early today, was sinking this afternoon with half her crew in lifeboats.

The rest of the crew, including the captain, was still on board, waiting for lifeboats from the Bandon and Cape Blanco stations, according to messages received by the navy radio station. The radio said no sign of the lifeboats nor of the tug Fearless, which set out from Coos Bay had been seen. The captain said he would stay with the ship until she was submerged. The vessel was drifting.

FORMER N. Y. C. POLICEMAN FREED ON \$25,000 BAIL

Buffalo, May 17.—Former Captain John J. Maloney and former Inspector Harold B. Smith of the New York Central railroad police force, under sentence to a federal penitentiary for ten years for car burglary, were released on \$25,000 bail today. The former officers have been granted a 90-day stay of execution of their prison sentences pending argument for a re-trial.

Maloney and Smith with eight other men were convicted of participating in car thefts which railroad officials claimed totaled two million dollars in two years. Alcohol shipments were the favorite loot of the ring, which included detectives, truckmen and saloon keepers.

105-YEAR-OLD SCHENECTADY WOMAN DEAD; HUSBAND IS 161

Schenectady, May 17.—Mrs. David M. Schenectady, 105, said to be the oldest inhabitant of this city, died here yesterday of injuries resulting from a fall on Sunday. She is survived by her husband, aged 101, and numerous children, grandchildren and great grandchildren. Mrs. Schenectady came to this country from Poland with her husband and family about 17 years ago.

LIQUOR OR JEALOUSY?

Corning, May 17.—Hugh Bray was found guilty of murder in the second degree at midnight tonight for the shooting of Mrs. Lewis Stone of Hornell at whose home he boarded. The prosecution charged jealousy while the defense claimed he was suffering from temporary insanity as a result of drinking vile liquor.

Owing to the "prohibition against discussion of more important subjects" in the conference, the cablegram said, the economic significance of Russia has been absurdly emphasized. Mr. Vanderlip added that no "strong statementship compels a reasonable attitude on the part of France." The German situation would be critical since royalist plots and "significant increasing prices promise great social hardship which may result in revolutionary outbreaks."

Steel Men Invited to Confer With President

Washington, May 17.—President Harding, it became known today, has invited about 40 of the country's leading steel manufacturers to a dinner at the White House tomorrow night.

While official comment was withheld as to the purpose of the gathering, the fact that the President had previously given notice of his intention to have 16 or 20 presidents of the larger railroad lines in conference at the White House Saturday night gave ground for a general understanding that transportation matters would be taken up with the steel

SIZE OF ARMY IS UNDECIDED

Senate Sub-Committee Favors
140,000, While House Voted
For 25,000 Less

BATTLE PREDICTED

Senate Expected to Sustain Committee Action in Following
Pershing Plan

(By the Associated Press.)

Washington, May 17.—An army of 140,000 men with an average officer strength for next year of approximately 12,530 was agreed upon late today by the senate appropriations sub-committee which has charge of the measure.

The sub-committee draft of the war department appropriation bill, which has yet to be acted on by the full committee, proposes increases of 25,000 in the enlisted personnel and about 1,500 in officers over the house provision. The officer strength is based upon the bill suggested by General Pershing and his proposals as to methods of cutting the present number of officers were accepted by the sub-committee in principle.

Although the size agreed upon by the sub-committee represents a cut of 10,000 from the strength asked for by the war department, its acceptance by the sub-committee with, it was understood, only one vote against it was regarded as forecasting its acceptance by the full appropriations committee and probably its passage by the senate.

The question of the size of the army is expected to precipitate a battle between the house and senate provided the latter sustains the committee action.

VALENTINO SAID TO BE IN LOS ANGELES

District Attorney Inquires Into
Procedure Relating to Bigamous Marriages

Los Angeles, May 17.—Rudolph Valentino, screen actor whose marriage last Saturday at Mexico, Mexico, to Winifred Hudnut, daughter of a New York manufacturer, prompted an inquiry by the district attorney's office here in view of the fact that Valentino legally has a wife from whom a final divorce decree has not been granted, was reported to have returned here today, according to information given to the district attorney.

Coinciding with the summons of Jean S. Acker, actress, wife of Valentino, in whose divorce case an interlocutory decree was handed down, it became known that the district attorney is inquiring into procedure relating to bigamous marriages. An interlocutory decree was handed down in the superior court January 10, following a hearing of mutual troubles of Valentino and his wife, but under the California law this does not constitute a divorce and marriage is still binding until a year later, when a decree of divorce may be taken out. Miss Hudnut was named in the divorce case.

Miss Acker notified the district attorney that she would be unable to present herself for interrogation today owing to nervous prostration but expected to be able to appear tomorrow.

According to Douglas Gerrard, roomman at Valentino's wedding to Miss Hudnut, "the actor entered into the ceremony in good faith." He said Valentino is at Palm Springs, Cal., and plans to remain there for the present.

STILLMAN DIVORCE HEARINGS ARE DEFINITELY CLOSED

Poughkeepsie, May 17.—John E. Mack, guardian ad litem for Guy Stillman, announced tonight that hearings in the Stillman divorce case have been definitely closed. A hearing originally scheduled here for tomorrow has been cancelled and the testimony taken before Referee Daniel J. Gleason will now be studied by the latter prior to his report to Justice Joseph Morschauser.

JAKE SCHAEFER AGAIN DEFEATS WELKER COCHRAN

(By the Associated Press.)

Chicago, May 17.—"Young Jake" Schaefer, world's 18.2 ballline billiard champion, tonight defeated Welker Cochran, 500 to 498, in the second block of their 2,500-point championship match. Schaefer leads the challenger 1,000 to 918. The final block will be played tomorrow night.

RYE MASH CLOGS SEWERS.

Schenectady, May 17.—Home brewing of liquor has attained such proportions here, it was learned today, that special machinery is needed to clear the sewers of rye mash. The sewer department said the brewing apparently was confined to the tenement section of the city.

BOXING MATCHES AT NIGHT.

New York, May 17.—Open air boxing matches will be permitted at night in New York state, it was decided today by the New York Boxing commission. Clubs, however, not holding license to stage such shows will not be interfered with but their permits will not be renewed.

Princess III

Princess Elizabeth of Romania who recently became the wife of Prince George of Greece (below), is reported critically ill following an operation.

PINCHOT LEADS IN PENNSYLVANIA RACE

Organization Leaders Concede His
Nomination for Governor in
Republican Primary

Philadelphia, May 17.—Returns from all but 426 districts in the state in yesterday's primary gave Gifford Pinchot a lead over Attorney General George E. Alter for the Republican nomination for governor of 7,619. The vote from the 757,508 districts heard from was:
Pinchot—493,542.
Alter—487,802.

Organization leaders who had backed Alter conceded Pinchot's nomination this afternoon when unofficial returns showed Alter's majority steadily decreasing. Earlier in the day W. Harry Baker, secretary of the Republican state committee, said that Alter was not defeated but as further returns were received from Allegheny county, the home of the attorney general, and they failed to show increased majorities, the secretary conceded the victory to the fighting Pinchot.

BLAME FOR FATAL ACCIDENT LAID ON AUTOMOBILE DRIVER

LeRoy, May 17.—Engineer Ephraim G. Moser, who was at the throttle of the 12-K Diamond express last Saturday when it struck the automobile driven by Thomas Brodie, of LeRoy, and was derailed, causing the death of five persons and injury of more than a score, testified at the inquest here today before Coroner Grancy that he blew the whistle when he saw Brodie's automobile approaching the crossing and that he applied the emergency brakes when it seemed apparent that Brodie did not intend to stop. S. J. Pencil, station agent at North LeRoy, and W. H. Shramm, a farmer, both of whom saw the accident, testified that they heard the whistle before the crash.

DOGS AND LIQUOR ARRIVE.

New York, May 17.—A \$30 fine for trying to smuggle in a 12-ounce bottle of French liquor upon his recent arrival from the Mauritania was imposed on a sailor named "Duke," an actor and writer, who brought Jack Dempsey to a luncheon at the Waldorf. While he was busy getting the police dogs off the ship customs men found the liquor in his luggage.

WESTERN WORLD IN SERVICE.

New York, May 17.—The new American steamship Western World, the last of the big passenger liners built by the United States government, sailed for Buenos Aires today on her maiden trip. The Western World is a sister ship to the American Legion and Southern Cross, both of which have made speedy voyages to South American ports.

"Fifi's" Daughter

Anne Stillman, daughter of Mrs. "Fifi" Stillman, has arrived from France and may testify to her mother's divorce suit. Note marked resemblance to mother in this latest picture.

RUTH MAY NOT PLAY SATURDAY

Will Not Be Automatically Reinstated When Term of Suspension Expires

MUST MAKE APPEAL

Request for Reinstatement by Telegraph May Fix Things Up, However

(By the Associated Press.)

Chicago, May 17.—Babe Ruth, home run king of the New York Americans, will not be automatically reinstated May 20, when his term of suspension from the New York club expires, but may apply for reinstatement to K. M. Landis, baseball commissioner, at that time, Leslie O'Connor, Mr. Landis' secretary said today.

Ruth, who was suspended May 20 with Bob Meusel, New York outfielder, and Bill Piercy, pitcher, after the three had gone on a barnstorming tour after the close of the season last fall, will not be compelled to appear in person before Commissioner Landis to make his request, Mr. O'Connor said.

The suspension order, Mr. O'Connor said, prohibited Ruth and the two others from participating in league games until May 20, when they were given the privilege of asking reinstatement. Such a request, Mr. O'Connor said, might be made by letter, telegram, telephone or in person and would be taken under consideration by the commissioner.

A request for reinstatement by telegraph, it was said in the affirmative by Commissioner Landis in the same manner as once, would, it is thought, give Ruth an opportunity to appear Saturday with the New York club when it faces St. Louis with Kenneth Williams, who has an eleven-home run lead over Ruth, in the line-up.

Babe Getting in Form.

New York, May 17.—Twenty pounds lighter than he was several weeks ago, Babe Ruth, almost a ballplayer again, was putting in today his final preparation for re-entering the line-up Saturday in the game between the Yankees and the St. Louis Browns.

Alternating with Ruth in the batter's box at the Polo Grounds this morning—as has been the case every morning since the Yankees came home, for a long stay—was Bob Meusel, follow exile from the game.

The lambino believes he will break the home-run record of 59 he established last year, although he is entering the season when it is about one-fourth finished.

"You never can tell," mused Ruth as he caressed his ash bat. "Accidents will happen. It isn't the impossible for me to beat my last year's record. You never can tell."

Babe is far from worried over the home-run hitting propensity of Kenneth Williams, St. Louis American league slugger, who has a count of 11 to date, just equal with Ruth's standing this time last year.

"Oh, he'll quit," Ruth said today, dismissing further discussion. "He's only good on the St. Louis field."

The farm which Ruth bought several weeks ago in Connecticut is intended for a home for him and his wife, he declared today.

"I bought a farm to live on," he said, "everything grows on the farm." But he didn't confide an ambition to produce a bumper crop. The price for his farm and his estate, he explained, a real place to spend the winter.

BRITISH CRISIS PASSES AS QUICKLY AS IT AROSE

London, May 17.—The crisis projected by the defeat of the government in the house of commons last evening, passed as suddenly as it arose. The cabinet, after a council lasting an hour today and telegraphic consultation with the prime minister at Genoa, has decided to carry on and appoint a select committee to investigate the question of teachers' superannuation, refusal of which in the first instance led to the government's defeat.

AGED WOMAN ASSAULTED.

Fonda, May 17.—Posses were searching the woods near here tonight for the unknown assailant of Mrs. Timothy Dwyer, 82, who was badly beaten Tuesday afternoon when she refused the man access to her home in a lonely spot on the Fonda-Johnstown road. The man was described as young and well dressed and is said to have attempted to enter several other farmhouses in the vicinity.

WOULD REGULATE EMPLOYMENT

Washington, May 17.—A joint resolution proposing an amendment to the constitution providing that congress shall have power to "regulate throughout the United States the employment of persons under 18 years old," was introduced today by Representative Fitzgerald, Republican, Ohio. His action followed the decision Monday by the supreme court holding the child labor act unconstitutional.

TRACK AND FIELD MEET.

Alfred, N. Y., May 17.—Technical High of Buffalo won the Alfred University inter-scholastic track and field meet here today with a score of 22 1/2 points. Maston Park High of Buffalo was second.

MINERS REJECT OPERATORS' PLAN

Declare Proposal to Prevent Future Strikes Would Rob Them of Right to Bargain Collectively

New York, May 17.—Labor leaders of the anthracite miners and operators' sub-committee on wage contract negotiations today rejected a proposal submitted by the operators which, it was claimed, would prevent further strikes.

The employers' plan was that, as a basis for settlement, the existing strike for new wage contracts should be made effective for a number of years with provisions for annual readjustment of the scale without recourse to strikes or suspension of the mines.

An arbitration body, to be entrusted with settlement of disputes "after operators and miners have exhausted all means for settlement among themselves," was the feature of the plan to which labor leaders most vehemently objected.

"Our right to bargain collectively would be surrendered," declared Philip Murray, vice president of the United Mine Workers of America and spokesman for the labor delegation. Other delegates for the miners asserted such a "long-term contract" plan would deprive them of their most powerful weapon against the operators—the right to strike for better wages or improved conditions.

PRESIDENT'S POWER DEBATED IN SENATE

Provisions of Tariff Bill Giving White House Broad Powers Attacked and Defended

Washington, May 17.—Provision in the pending tariff bill, under which the President would be given broad powers over tariff duties, were attacked and defended today in the senate. Senator Watson, Democrat of Georgia, opened the assault and was joined by Senator Underwood of Alabama, the Democratic leader, and others on the minority side. Chairman McCumber and Senator Smoot of the finance committee defended the provisions.

Declaring that the proposal would bring together in the White House the three branches of the government—the legislative, the executive and the judicial—Senator Watson said they would "work a revolution in our system of government."

He asserted also that the "power of life and death over business not only in this country but abroad" was too great to impose in any one man, and asserted that no member of the British parliament or house of commons would dare to make such a proposal. Senator Watson said that to vest legislative power in the hands of the executive was "violative of the very spirit of representative government," and added:

"If we are unable to make the laws without abdication of a part of our constitutional authority, let us surrender it all, resign, go home and give the people a chance to send legislators here who can legislate."

STUNT HE SAW IN MOVIES SAVES YOUTH FROM DEATH

New York, May 17.—While Edward Young, 23, was about to get down an elevator shaft today he put into practice one of the stunts he had seen in movie thrillers and thereby hit the bottom in first class physical condition.

On the way down from the third floor, where he fell into the shaft, when his foot slipped, Young reached out and grasped a couple of ropes suspended from the top. He slid to the basement. After he had been treated for "bruise burns," the boys told him to take the rest of the day off.

FOUR FOREST FIRES RAGE IN ADIRONDACK MOUNTAINS

Lake Placid, May 17.—Four forest fires raged tonight, two of which threatened large areas of timber. Fires at Windfall Pond, northwest of Flood Wood, and at Lily Pond, in the town of Belmont, were reported partly under control of a force of rangers. Two smaller fires, at Johnson Mountain, near Chazy Lake, and at Amber Lake, were reported as under control.

DAIL DEBATES BREAKDOWN OF PEACE NEGOTIATIONS

Dublin, May 17.—The Dail Eireann debated today the breakdown of the peace negotiations and adjourned until tomorrow without coming to any decision. Even yet there is some hope of accommodation, and the intervals will be utilized by the peace makers to bring the leaders together.

Mississippi Flood Waters Cover 55,000 Square Miles

Baton Rouge, La., May 17.—Fifty-five thousand square miles of land in Louisiana and Mississippi now are overflowed by flood or back waters from the Mississippi river and its tributaries, according to a statement compiled today by Joseph C. Logan, assistant manager of the southern division of the American Red Cross.

The damage to the state caused by the crevasse of Angola will amount to more than a million dollars, according to estimates made by the officers

GUARDS PLACED ABOUT CHICAGO BUILDING JOBS

Chief of Police Fitzmorris Acts After Receiving Threat to "Burn Chicago"

WAR ON TERRORISM

Three Labor Leaders Held for Police Men's Murder Must Stay in Jail

Chicago, May 17.—Death threats sent to police officials, the announcement that three labor leaders would have to stay in jail, and steps to place armed guards about every building under construction in Chicago were developments today in the police war on labor terrorists.

The placing of guards with orders "to shoot to kill" about building projects followed a fire started by bombers last night as the latest act of violence in a campaign against the Landis wage award.

"Big Tim" Murphy, Fred Mader, president of the Building Trades Council, and "Con" Shea were checked at the outset of a supposed move for freedom today when Chief Justice Kieckhefer Session of the criminal court rejected a demand for assignment and immediate hearing of their trial on charges of having slain a patrolman.

The death threats were received by Chief of Police Charles Fitzmorris and Captain Wesley Westbrook, warden of the Cook county jail. The chief received his in the mail at home, where a uniformed policeman is on duty day and night, while a second officer has been appointed as his personal bodyguard. The threat to the warden came to the county jail where an extra police detail is on guard in anticipation of a possible attempt to rescue labor leaders held there.

Declaring he had received threats to "burn Chicago," Chief Fitzmorris announced that he would put one or more watchmen on each building under construction.

"In the hands of each guard we will put a shot gun or a rifle and a commission that will give him the authority to shoot to kill at the first sign of invasion of the property under his guardianship," he said.

"You are ordered to arrest any person found following near the buildings," the order said. "If any later attempt to flee or does not comply with every instruction given by you, you are ordered to shoot at once. In shooting, you are to shoot to kill and take no chances."

When asked for a statement on last night's fire, Chief Fitzmorris simply said: "We were warned that incendiaries would come next. If I have the men responsible, I will pay twenty times over before we are through."

EVERYTHING WENT LOVELY UNTIL HUBBY TOOK UP GOLF

Newark, N. J., May 17.—Golf has broken up another family in the judgment of Mrs. Rachel Dean Hayward, granted a divorce today under Sterling P. Hayward of Montclair, manager of the Connolly Iron Sponge and Governor company of New York.

"Everything was lovely the first year," Mrs. Hayward told Vice Chancellor Fielder, "and then in 1910—Hayward took up golf." From then on, according to her story, Hayward chased around from tournament to tournament, all the while becoming cooler in his domestic attitude.

Hayward testified his wife was not blame for the smashup. She was not interested in the things he liked, he said, nor was the properly respectful toward him.

JERSEY VEGETABLES EATEN IN BOSTON THE SAME NIGHT

Framingham, Mass., May 17.—A rival at the army flying field here this afternoon of a big five-passenger airplane carrying 1,000 pounds of vegetables gathered in New Jersey gardens this morning made possible serving of those vegetables for dinner in Boston homes tonight.

The plane, piloted by William N. DeWalt, formerly of the 141st pursuit squadron, United States air force, covered the distance of about 100 miles in five hours actual flying time.

"THE EARLY BIRD"

Geneva, May 17.—Getting a work rest an early bird at life yesterday at the Geneva Country club course, when a golf ball, in a long, low drive by W. Henderson, caught a robin as it sang in a tree near the 11th green. The robin was struck in the breast, its feathers scattering for a foot around.

Baseball

NATIONAL LEAGUE

CARDS SHUT OUT BROOKLYN

Pound Grimes and Gordiner for 12 hits and 11 runs; Three Homeers.
St. Louis, May 17.—St. Louis ran up nine hits for seven runs off Grimes and Gordiner for the ninth, defeating Brooklyn today by 11 to 0. It was Sherdel's sixth victory. A circuit drive was made by Toporoff of St. Louis with Smith on base, and one was knocked by Smith with Sherdel on. Hainsby also pounded out a home run, his sixth this season.

Brooklyn . 000000000—0 7 5
St. Louis . 223000310—11 11 3
Batteries—Grimes, Gordiner and Miller, Sherdel and Annsmith.

CHICAGO BUNCHES HITS

Chicago, May 17.—Chicago bunched hits behind bases on hits and easily defeated Boston, 6 to 4, in the first game of the series today.
Boston . . . 000002001—2 7 0
Chicago . . . 000050010—6 8 1
Batteries—McQuinn, Lansing and Gowdy, Jones and O'Farrell.

DONOHUE PITCHES AIRTIGHT BALL AND BLANKS PHILLIES

Cincinnati, May 17.—Donohue pitched airtight ball and was given excellent support in the field, enabling Cincinnati to win today's game from Philadelphia by a score of 1 to 0.
Philadelphia . 000000000—0 3 1
Cincinnati . . 010000000—1 8 1
Batteries—Smith, Winters and Henline; Donohue and Hargrave.

New York at Pittsburgh, rain.

AMERICAN LEAGUE

Yankees Defeat Cleveland
Murray's Sensational Hitting and Pitching Give New York Victory.

New York, May 17.—Sensational hitting and pitching by George Murray, North Carolina collegian, enabled the Yankees to defeat Cleveland today, 6 to 4. Murray held the Indians scoreless after relieving Shawkey and put New York in the game with a home run in the second with Pipp and Scott on base.

Cleveland . 220000000—4 7 7
New York . 032010000—6 6 0
Batteries—Uhlir, Keefe, Edwards

COLLEGE BASEBALL

CORNELL SNOWED UNDER

Harvard Stages Batting Rec and Scores 13-0 Shutout.

Cambridge, Mass., May 17.—Harvard easily defeated Cornell here today, 13 to 0. The Crimson batters got started in the fourth inning when they knocked in four runs, and after that the only issue in doubt was the size of the score. George Owen starred at bat for the Crimson with two singles and two three-baggers. Jenkins of Harvard knocked out a home run. Eddie Kaw, Cornell leftfielder, made two sensational catches.

At Philadelphia—U. of Pennsylvania, 15; Columbia, 2.
At Portland, Me.—Holy Cross, 14; Bowdoin, 2.

At New Haven, Conn.—Yale, 6; Brown, 4.
At West Point—Army, 7; U. of Delaware, 5.

Hermann Will Play Here.

A rumor current about the streets yesterday that "Al" Hermann had signed to play this season with the Blackbirds of Albany is absolutely without foundation. Hermann played last Sunday with the Albany team but Manager Bridwell has his signature affixed to an Oneonta contract and he is expected to arrive in the city some time this week.

Don. G. Lull, Eyesight Specialist. Satisfactory eye service. advt t-t-s ft

COPPERS DOMINATE THE STOCK MARKET

Rise Attributed to Improved Conditions in Metal Industry; Trading in Bonds Enlivened

New York, May 17.—For the first time in several years copper shares today overshadowed all other issues as the foremost features of the stock market. Their rise of one to five points on very extensive transactions was attributed to improved conditions in the metal industry and probable mergers. According to disinterested observers, however, the strength of metals was mainly due to the concerted efforts of professional interests which apparently regarded that group as the best vehicle for the further advance of quoted values.

Predictions of an early rise in refined copper prices to 14 cents per pound were freely made in trade circles. Attention was directed to the fact that silver and base metals have shown almost steady enhancement recently. Speculative interest in steel stocks was revived on news that leading manufacturers have been invited to Washington to discuss present and future trade conditions with President Harding and other members of the administration.

Trading in bonds today was enlivened by the more active and broader operations in the stock market, where industrials, especially coppers and steels, were the dominant features.

Domestic and foreign war notations held within narrow price limits, leaders of that division again closing at mixed gains and losses.

Investment rails tended upward.

D. & H. Nino vs. State Troopers.

The game scheduled for this afternoon at Johnson City between the Susquehanna division baseball team and Fisher's American Legion aggregation has been cancelled and Manager Brodie of the D. & H. team has substituted the Sidney Barracks State Troopers' nine. It is expected that several fans will accompany the team to Sidney this afternoon to witness the spot. The railroad men expect an easy victory although the troopers may spring some surprises.

TODAY'S SCHEDULE

TEX ANXIOUS TO MATCH DEMPSEY

Will Offer Him Bout With Either Wills or Willard on Champion's Return From Europe

New York, May 17.—Jack Dempsey, heavyweight champion of the world, homeward bound from Europe, will be afforded an opportunity to sign for a titular bout almost as soon as he steps off the steamer here on Friday. He will be met, in all probability, by Promoter Tex Rickard in person and will be asked at once to meet either Harry Wills or Jess Willard during July or September. In case Dempsey demurs, Rickard will ask the champion to name an opponent whom he would face either on July 4 or Labor Day.

If Dempsey elects to box Wills, the bout will be held in or near Montreal on July 1, which is Dominion Day in Canada. A meeting with Willard would require more time to arrange and would not be staged until on or about Labor Day in Jersey City. A Montreal bout would probably be for 15 rounds to a decision, while a Jersey contest would be for 12 rounds without decision, to conform with the state law.

Manager Rutan Entertains.

On Tuesday evening at his home, 11 Grove street, LaMont Rutan gave a party in honor of the Yanks jr. ball team, of which he is manager. Games were played and later in the evening dancing was enjoyed by all, the music being the latest hits on the Victrola. Delicious refreshments were served, and after an evening most pleasantly spent his 18 young friends departed, voting Master LaMont a royal host.

ATLANTIC CITY MAN GETS PILE RELIEF WITH COLAC

Frank B. Hubin, proprietor of a big post card store on the Boardwalk, writes: "I feel duty bound to tell you what great good COLAC PILE PILLS have done for me. They have given me great relief from severe pain and intense suffering. I take pleasure in recommending them to all who are troubled with the great affliction of piles." COLAC PILE PILLS are a scientific preparation which you take exactly as you do any other pill. They act directly on the source of the trouble in the lower bowel, and drive piles away. COLAC does away with messy salves, ointments and suppositories; makes operations unnecessary. Only 60 cents at drug stores or 65 cents postpaid in plain wrapper from COLAC CHEMICAL CO., Inc., Glens Falls, N. Y.

SCHENEYUS NEWS NOTES.

Harry Newcomb has tonsils removed. Borden Plant to be improved. Scheneyus, May 17. — On Monday Harry Newcomb of South Hill was taken to the Fox Memorial hospital in Oneonta where Dr. McMenamin removed his tonsils. Harry returned to his home Tuesday, having made a quick recovery.

Improvements at Borden's.

Otto P. Lewis, superintendent of the Borden creamery at Scheneyus and G. E. Travy, district superintendent, were in New York city Monday attending a conference at headquarters. The local plant is to be enlarged, a new bottling department to be built as well as other improvements.

Those Who Entertain.

Mr. and Mrs. John Keith entertained Mr. and Mrs. Ezra Hayner of Worcester at their home on South Hill Sunday.

Lieutenant John H. Robbins, wife

and daughter, and Mrs. Sweet, formerly of Guantanamo Naval station, Cuba, and now of Philadelphia, and Mr. and Mrs. F. B. Robbins of Worcester were dinner guests of Mr. and Mrs. William R. Robbins at the Hotel Potter Monday evening.

Dr. and Mrs. P. A. Bourke of Patterson, N. J., and Mr. and Mrs. F. D. Palmer of Washington street, Oneonta spent Monday with Mrs. S. E. Snedeker at her home on Race street.

RECEPTION WELL ATTENDED.

Many Present at Gathering in Honor of Rev. and Mrs. R. E. Brooks.

Milford, May 17.—A reception was held at the Methodist church parlors Monday evening in honor of the new pastor, Rev. R. E. Brooks, and Mrs. Brooks, and was attended by nearly all the church members and many friends. S. Howard Sherman had charge of the program and after a few brief remarks called on the fol-

lowing for addresses: Rev. T. Hall and Rev. Bohne Eckhart, Cooperstown; Rev. W. E. Elwood, Portlandville; Rev. H. Erkman of the Presbyterian church; Rev. N. B. Ripley, Rev. R. E. Brooks, Superintendent of Sunday school Wm. C. Byard, Willard Smith and Miss Myra Hall, all of whom responded in a very pleasing manner. Following the program refreshments were served. The people of Milford unite in welcoming Rev. and Mrs. Brooks and wish them the best of success in their new field of labor.

Attend May Festival at Skidmore.

Mr. and Mrs. M. B. Armstrong departed Wednesday for Cherry Valley where they will accompany Mr. and Mrs. F. L. Armstrong of that village to Saratoga Springs to attend the annual May day festival at the Skidmore School of Arts. Miss Margaret Armstrong, daughter of Mr. and Mrs. F. L. Armstrong is a student at Skidmore.

Methodist Church Notes.

The United Workers' class will assist in the conduct of Thursday evening's prayer service.

A young ladies' chorus of twenty-five voices will be a feature of the Children's Day exercises. Mr. Fred E. Teel is training them.

There will be a special official board meeting on Friday evening of this week at the church.

LAURENS NEWS NOTES.

Laurens, May 17. — The Hartwick-Laurens Sunday school association will meet in the Presbyterian church for an all-day session Friday, June 2. A good program is being arranged for the occasion. — The Portlandville minstrels, who played to full houses three nights in succession recently will give an entertainment in McLaren's hall on Friday night of this week beginning at 8 o'clock. — Dr. Augustin has been making some improvements to his property. — N. Gard-Cleason, Pashley's team took a lively run recently when coming down what is known as the "Butternut" hill. A broken bit was the cause. But slight

damage was done. — Sidney Ford is having a new roof put on his house. — The Methodist church will observe the "Forward Movement" all next week. The program will consist of dramatics, stereopticon lectures and sermons. — Next week Friday night the L. A. S. will serve one of their good suppers in the Methodist church annex. All are invited to attend. — The many friends of James Harrison now residing in Oneonta are sorry to learn that he suffered a slight shock recently. He is reported as improving.

AT MT. VISION NEXT WEEK.

Special Services Will Be Conducted in Methodist church.

Mt. Vision, May 17.—Next Sunday morning special meetings will begin in the Methodist church. Misses Mary Nestor and K. Thomson will assist the pastor, having charge of the music and personal work. The theme in the morning will be "God's Tomorrow;" in the evening the topic will be, "That Which Never Faleth." The pastor, Rev. D. E. Myers, will be the preacher. Good music. A cordial welcome. Services begin at 10:30 a. m. and 7:30 p. m. There will be services evenings throughout the week.

Personal Notes.

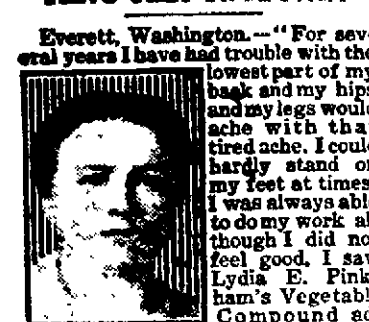

Elmore Aringer was with his parents, Mr. and Mrs. Thomas Aringer last week.—Mr. and Mrs. Arthur Hall went Friday to Ilion to see their son and returned Sunday evening.—Miss Ava Hall attended the Christian Endeavor convention at West Oneonta last Saturday.—Mrs. Anna Beckley went last week to spend a time with her daughter in West Oneonta.—Russell Aunger, who has held a position in Oneonta for some time, goes to Cooperstown, where he will work for Bruce Hall.—A company from Hartwick was here last Thursday evening in the Grange hall. It would have been better attended had it been better advertised.—George Pattengill, who had been spending two weeks here, returned to his home in New York Saturday. He has secured a position in the Citizens' bank in Oneonta and will go there about the first of July.—The Ladies' Aid of the Methodist church took in about \$30 at the apron sale Friday night.—Mr. and Mrs. Henry Shove of Oneonta were at the home of his brother, Hiram Shove, Sunday.

OTEGO THIS WEEK.

Otego, May 17.—Edward Mitchell and daughter, Miss Lillian of Hobart spent the week-end with his nephew,

COULD HARDLY STAND AT TIMES

Hips, Back and Legs would Have That Tired Ache

Everett, Washington. — "For several years I have had trouble with the lowest part of my back and my hips and my legs would ache with that tired ache. I could hardly stand on my feet at times. I was always able to do my work although I did not feel good. I saw Lydia E. Pinkham's Vegetable Compound and decided to try it. I feel first-rate at the present time. It has done wonders for me and I keep it in the house right along. I always recommend it to others who are sick and ailing." — Mrs. J. M. SHREVE, 4032 High St., Everett, Washington.

To do any kind of work, or to play for that matter, is next to impossible if you are suffering from some form of female trouble. It may cause your back or your legs to ache, it may make you nervous and irritable. You may be able to keep up and around, but you do not feel good.

Lydia E. Pinkham's Vegetable Compound is a medicine for women. It is especially adapted to relieve the cause of the trouble and then these annoying pains, aches and "no good" feelings disappear.

Hector Mitchell, and on Sunday, together with Mr. and Mrs. Hector Mitchell and son, attended the funeral of Mr. Merritt Reid at Treadwell. — Do not forget the Earnest Workers at house cleaning time, but get your old papers and magazines ready and bring them to the Presbyterian church. It is not possible to do so, kindly notify Mrs. Clara Hunt, Mrs. Bailey or Mrs. Barney, and they will be looked after.

"Forward" Meeting at Laurens. Laurens, May 17.—The Oneonta district Forward movement campaign will begin in the Methodist church Sunday evening and continue one week. These meetings will consist of sermons, addresses, stereopticon lectures, dramatics, and a banquet. The public is invited.

Franklin and Vicinity. Franklin, May 17. — Mr. and Mrs. A. D. Rowell and Mr. and Mrs. Hanford Hall of Delhi spent the week-end with friends and relatives in town.—Mr. and Mrs. W. C. Alexander spent a few days the first of the week with their daughter, Florence, at Rochester.—Mrs. George D. Chamberlin has been spending several days with friends at Afton.—Mrs. Elizabeth Southworth of Walton visited

(Concluded on Page NINE.)

Delaware County News

HOBART HAPPENINGS.

Hobart, May 17. — Mrs. Frank Hahn of Liberty is here to spend a few days with her sister, Mrs. Robert Thompson, and will hold a sale of household effects at the Teiford house on Upper Main street Friday afternoon at one o'clock.—Mrs. Jennie Kiff, Miss Anna Carroll, Miss Dora Sullivan, Mrs. E. T. VanBuren, Mr. and Mrs. F. T. Sullivan, Mr. and Mrs. George

\$260,000 OTSEGO COUNTY NEW YORK HIGHWAY BONDS

\$260,000 of 5% bonds of Otsego county, N. Y., will be offered for sale at public auction at the front door of the Municipal building in the city of Oneonta, N. Y., on Tuesday, May 30th, 1922, at one o'clock in the afternoon, standard time, by the finance committee of the Board of Supervisors of said county. The bonds will not be sold for less than their par value and accrued interest and the committee reserves the right to reject any and all bids.

The following information will be of interest to prospective purchasers: The bonds are issued in denominations of \$1,000 each and are dated March 1, 1922.

They are coupon bonds. Issued under sections 141-A and 142 of the Highway law.

Issued for paying the share of the county as apportioned by the State Highway commission for the construction of county highways.

Interest at 5% payable semi-annually on March 1st and September 1st each year.

Bonds and interest payable in New York exchange at Cooperstown National Bank, Cooperstown, N. Y.

Principal of bonds payable \$15,000 each year beginning March 1, 1923, except \$5,000, to be paid March 1, 1924.

A deposit of \$5,000, in form of certified check payable to B. G. Johnson, County Treasurer, will be required of the successful bidder at the time and place of sale and a memorandum of sale executed. In case successful bidder fails to comply with terms bonds will be resold at same time and place.

26 members of the Board of Supervisors were present and voted in favor of resolution and none against. No option of prior payment of bonds.

Total bonded debt of the county outstanding, not including this issue, \$110,000.

Total assessed valuation of county, exclusive of bank stock, is \$37,693,982. Population of county, 1920 census, 46,200.

Tax rate of county, 1921, per \$1,000 assessment, \$8.20.

No legal opinion will be given except of the County Attorney of the county, who prepared the proceedings and resolutions.

Any further information will be given to prospective purchasers by addressing Dennis J. Kilkenny, County Attorney, Oneonta, N. Y.

Frank M. Smith, Chester T. Backus, Fred M. Hand, Finance Committee Board of Supervisors of Otsego County, N. Y.

Dennis J. Kilkenny, Clerk of the Board of Supervisors.

Nobody Cares for a Chronic Dyspeptic

The one whose digestive organs are in good condition usually has a strong personality and hosts of friends. He radiates happiness, good cheer and good health.

Nobody loves a dyspeptic or hypochondriac. The drawn face with its lines of pain is repellent and forbidding. The morbid thoughts and pessimistic words, the result of an imperfect digestion, make life a burden to oneself and those who by reason of family or business ties must continue an unpleasant association. Every one else shuns the dyspeptic.

This condition does not come all at once.

The progress is gradual. Pains in the stomach, gas, flatulence, heartburn, acid stomach, water brash, dizziness after eating, biliousness,—any one or all of these may be the first indication that your stomach is not working properly. Do not neglect the earliest symptom, however slight it may be. At the first sign of trouble take one or two Jaques' Little Wonder Capsules. They will give prompt relief from pain and distress, aid digestion and tone up the stomach. Highly endorsed by physicians, nurses, ministers, business and professional men and women who have been helped by them.

Jaques' Little Wonder Capsules for Indigestion, Dyspepsia, Constipation

Jaques' Little Wonder Capsules save your stomach. They contain a scientifically correct proportion of reliable, standard medicines, which for years have been found to be of most benefit in treating certain gastric and intestinal disturbances. One capsule aids in digesting 5000 grains of food.

Pills and tablets often become hard and are not readily assimilated. The pure gelatin covering of Jaques' Little Wonder Capsules dissolves within one or two minutes after entering the stomach, releasing the

medicines to do their effective work. That is why Jaques' Capsules give such quick relief. Their helpful medicines go right to work, quickly correcting the trouble in mild or acute cases and gradually but effectively relieving chronic and obstinate cases.

Some of the medicines act chemically on the food, aid digestion and relieve the pain and distress; others stimulate the secreting glands and tone up the stomach; still others act as a mild laxative. Get this valuable stomach remedy today.

Jaques' Little Wonder Capsules are easy to take. There is no fuss or bother. Simply take one or two capsules and a swallow of water. They are sold by the druggists mentioned below under a strict guarantee of prompt, satisfying results or money back.

347 S. 5th St.
Columbus, Ohio
Jaques Capsule Co., Inc.,
Plattsburg, N. Y.

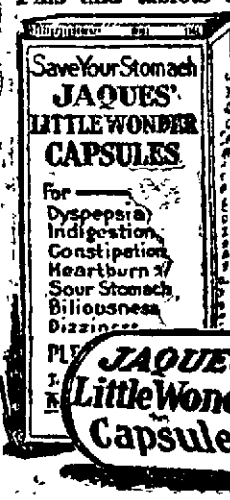

GENTLEMEN:

I have used your Capsules and I must surely write you and let you know the results. I have taken a great deal of medicine, but the Capsules are the best I have ever taken. I have had such great results that I am writing you on my own responsibility. If you wish you may use this statement at any time you see fit, as it is my desire to have all sick people hear about your medicine.

Yours truly,
ADAM WELBACHER.

CURRENT COMMENT.

Speculating on the reason for the anti-Jewish crusade of Henry Ford, the statement is made in an article by Norman Hapgood that it was a Jewess who set him off on a tangent. Rosika Schimmmer, it is said, sold him the peace ship for \$800,000 and he never forgave her. Some one told him it was a Jew trick and he made him mad. These things are merely speculative, but assuming that it was true, the sale of the peace ship was in essence a poor bargain, no matter how profitable in the beginning it appeared.

The powers are appealing to the United States again, begging our country to take part in the meeting of experts at the Hague. It is a question how far America wants to go in settling the affairs of the older world. There was necessity, in view of the attitude of Germany, to take part in the World War; but there are many good citizens who doubt whether our country should accept any large share of authority in the settlement of merely local affairs in Europe.

Party conventions for the nomination of presidential candidates are only about two weeks off, so swiftly time flies when everybody's busy. On the Republican side there does not appear as yet to be more than one candidate, and that one the present chief executive. On the Democratic side there are half a dozen, among them the defeated candidate of 1920, and certainly Bryan should not be missed in enumeration. A felicitous phrase about the crown of thorns made him the silver candidate and perhaps his thought was that his attack on the doctrine of evolution might line up a large number of reactionaries on his side. In this, however, he probably will be mistaken. Mere eloquence and oratory do not make presidents, as study of aspirants for a hundred years will testify. In fact, the greatest orators of the country, or at least those so esteemed, never attained the high seat at Washington.

The opening of the Passion Play at Oberammergau is a notable event for one thing because it is the first production of the play marked by the fact that a very large part of the visitors are Americans, and that they are being made to pay very liberally through the nose—more in fact than anybody else, including our European allies. But then, our late enemies in war are apparently not the only ones who believe that Americans, having the money, should be bled without abatement or compunction.

For governor, as previously has been stated, Wm. Randolph Hearst of New York, American and sundry other newspapers, has a yearning. To promote his candidacy a paper christened "People's Advocate" has been issued and already five different editions have been given wide circulation. It is alleged to be published by the Non-Partisan Vigilance committee, but in typographical appearance, make-up and character and quality of its editorial utterances, it appears to have been printed on the Hearst presses, set in Hearst type and written by Hearst editors.

COUNTY SEALERS TO MEET.

Annual Convention of State Association to Assemble in Cooperstown.

A delegation representing the New York State association of Sealers of Weights and Measures was in Cooperstown on Friday and made arrangements for the annual convention of that organization which will be held there on June 21, 22 and 23. The representatives will number about 150, including guests. Headquarters will be at the New Fenimore, where the banquet of the association will be held on Thursday evening, the 22nd. The meetings and exhibits will be in the Town Hall.

The representatives in Cooperstown last week were W. T. White of Albany, State Director of Weights and Measures; E. T. Johnson of Worcester, County Sealer, and W. A. Payne of Rochester. After being shown about by Frank B. Shipman, a director of the Chamber of Commerce, they decided upon Cooperstown as the place for the convention.

The bookings for board and rooms for the visitors are to be made through the Chamber of Commerce.

Richfield Has High Record Holstein.
F. H. White of Richfield Springs is mentioned in the official bulletin of the Holstein-Friesian association of America, published by weekly by Malcolm H. Gardner of Delavan, Wisconsin which reports the milk and butter production of cows under official supervision.

The purebred registered Holstein-Friesian, Glon Mount Hengerveld Sogis, is reported as having made at the age of three years and one month a record of 50.8 lbs. of milk and 16.329 lbs. of butter in seven days, equivalent to 20.4 lbs. of butter.

D. & H. Police Report.

The annual report of the Delaware & Hudson police department for 1921 shows that the company's officers made 1179 arrests during the year. Whitehall led with 122, Plattsburgh had 114, Oneonta had 101, Carbondale 98, and the balance were distributed among the other stations. The most common offenses were illegal train riding, trespassing and vagrancy, caused most of the arrests. Loot of a total value of \$14,786.79 was recovered during the year.

COMMENTS OF THE PRESS

The "A. R. C." in Europe.

The end of the greatest crusade of mercy that the world has ever known is announced in the cable from Paris reporting the withdrawal of the American Red Cross from Europe. Wherever in future years the history of the World War is told, that of this crusade will be woven into it and will be gratefully remembered with it. It was the head of the Modern community at the very end of the "far-dung battle line" who, witnessing the work of the American Red Cross wrote, in the language of his fatalistic doctrine, that America had been created in order that "out of compassion and charity" it might "do good to humanity." Jew and Gentile, Catholic and Protestant, have added their tribute to that of the Modern—[New York Times]

British Women Voters.

British women like the ballot, and British politicians are eagerly watching the results of this spring's registration of voters. Under it the next general election is expected to occur—will occur, if it is held within the next six months, as is now likely. Is the number of female voters to increase and that of male voters to decrease, as has been the case ever since "votes for women" became the laws?—[New York Tribune]

Calendar Change Suggested.

The coincidence of three and in some places four special weeks in one suggests that our activities in this direction have become so vigorous that similar concentration will soon have to be the rule. There are more than fifty-two causes that are entitled to remembrance, and a grouping system should promote efficiency. Music Week, Clean-Up Week and Postal Improvement Week are a haphazard combination implying diffusion rather than union of effort.—[Philadelphia Inquirer]

Get Out the Vote.

You have thought a great deal about the issues raised in the primary campaign. There are candidates whom you would like to see nominated. The only way to translate your thoughts and preferences into action is to get out next Tuesday and vote. Usually a good many citizens don't bother with the primaries. But they deem them unimportant. But the nominees of the party will be nominated in the primaries and your vote will help to put over the candidates of your choice.—[Wilkes-Barre Record]

Mothers' Day.

The true observance of Mothers' Day is the heart. The idea of a day apart is commendable principally because it serves as a reminder for the careless and the thoughtless. As the unknown soldier who lies in Arlington typifies all of the great and glorious company of the soldier dead of America, so does the unknown mother of that sad represent the sorrowing, gold-starred legion of American mothers who sacrificed their sons in the World war.—[Buffalo News]

A Demand Never to Be Met.

One of The Times correspondents, evidently himself an industrious picker of wild flowers, expressed yesterday something like resentment at recent accolades directed at those whose love of "nature" takes this form. Instead of forbidding them thus to get pleasure rarely within their reach, he wrote, the destruction of the wild flowers should be prevented by "restocking" their haunts.

Of all impracticable suggestions that is about the most impracticable. Who is going to do the "restocking"? It would take whole armies to keep up a sufficient supply to meet the demands of such folk as those who strip parks bare of every blossom and plant if they are not watched, and once out in the country they would be unrestrained.

The remedy is to spread the information that, to be enjoyed, the wild flowers must be let alone. Picked, most of them are worthless within an hour, and the most beautiful are those that most easily are exterminated by interference with their habits.—[New York Times]

Qualifying.

Russia must evolve a real government before she can be recognized by America, Mr. Hughes says. Gosh, hasn't she already made a couple of secret treaties?—[New York Tribune]

WHAT DAIRYMEN'S LEAGUE IS

Extracts from Recent Article on Milk Producers' Cooperative Association by Stuart O. Blythe—Point 1. Sentences from Opening Paragraphs.

A recent issue of the Country Gentleman bears the suggestive title of "The Milk Giant," and is written by Stuart O. Blythe, who is a regular contributor to that publication. It is in effect a comprehensive summary of Dairymen's League act files, and gives alike the history of the organization from its inception, and even before, but describes how the work of the organization is going on, how the milk is classified, and how the various departments of the league harmoniously work together for the good of all concerned. From the earlier paragraphs of the article by Mr. Blythe the following pointed sentences are taken.

"Meet the baby giant of American cooperative marketing."

"It is doing a business of around \$6,000,000 a month."

"It owns and is operating some 70 plants for the handling of milk and the manufacture of milk by-products."

"It requires a four-story building occupying a good-sized chunk of a city block in Utica, to house its general offices."

"Its export business is sufficiently large and widespread for it to boast that the sun never sets on Dairymen's League products."

"It has a corps of specialty salesmen merchandising its products in the East and western representatives distributing them abroad."

"It has an accounting force of 150 that every month performs the herculean task of blending returns and making individual payments to the producers."

"It has a board of directors and an executive committee of cow-owning men who are responsible for matters of policy, but its operating officials are recognized experts in their fields and are paid salaries commensurate with their abilities."

"To put it mildly, the Dairymen's League Cooperative association, incorporated, as a business organization, is a whale."

"The League now owns and operates 120 plants."

MEN'S CLASS 'A' WINNER.

Bests Women's Sunday School Class in Record of Attendance.

Six weeks ago the members of two classes of the Methodist Episcopal Sunday school entered into a friendly attendance contest, with agreement that the penalty for losers to winners should be a dinner at the end of the period. Though it is a thing difficult to understand, the Men's class, led by Mr. Harrington, came out all right, winning from the Women's class, taught by Dr. B. M. Johns.

The dinner, a delicious repast, served under direction of Mrs. H. R. Slade, was given in the church parlors last evening. There was a large attendance, no less than 150 persons sitting down to feast, and after the repast was over Mrs. W. I. Bolton introduced Miss Thompson of the High school faculty, who acted as toastmistress. The general theme of the addresses was appropriately "Spring," and each of the six speakers discussed some phase of this many-sided subject. The speakers were Miss Ella M. Briggs, Mrs. R. N. Clemons, Mrs. Floyd F. Taylor, Mrs. H. H. Lee, Dr. Johns and C. J. Deams. The musical numbers which interspersed and followed the addresses included pleasing vocal solos by Miss Annie Waters with Mrs. W. R. Morgan as accompanist, Mrs. Harry L. Finch, accompanied by Mrs. Jerry Wilson, a piano duet by Mrs. George J. Clute and Mrs. Wilson, and choral numbers led by Mr. Wilson. There was also an appropriate reading from Hawthorne by Mrs. Bolton, and in conclusion Mr. Harrington, in behalf of his class, thanked the ladies for their generous and gracious hospitality.

FARMERS IN WOOL POOL

Residents of County and State Save Money by Cooperative Marketing of Product.

More than a million dollars was saved growers who sold wool through pools last year. These figures are by C. J. Fawcett, director of wool marketing for the American Farm Bureau federation, and are released through offices of the New York State Farm Bureau federation at Ithaca. Wool was pooled by 45,000 growers and the total amount handled was 22,500,000 pounds.

A careful analysis of the entire wool pooling situation by Mr. Fawcett shows conclusively how profitable it is to the grower to replace ordinary wool buyers in this way. While the average price obtainable in the old way at shearing time was 16 cents, by pooling an average gross price of 25 cents a pound was secured, with an average handling charge of about four cents a pound.

The record of the New York State Sheep Growers' Cooperative association is especially noteworthy. About 1,022,500 pounds of wool were sold for 26 cents a pound the highest price received by any pool. The average was 25 cents a pound. Carrying and handling charges were about the same as in other pools and averaged about three cents a pound. New York growers would have secured about 18 cents a pound if they had sold at shearing time to country buyers.

Nearly all Otsego wool growers are members of the pool.

Secretary H. L. Cunningham of the Otsego County Sheep Breeders' association announces that final payment for wool of the 1920 and 1921 pools is expected within a week. President John A. Curry has requested State officials to send all checks to Mr. Cunningham, who upon their arrival will call a meeting of local producers.

Plans for handling the present clip, including the signing of contracts by individual members with the association, will be a main feature of the meeting. Final arrangements for a summer meeting at the home of one of the members will be made and other business transacted.

WEATHER CONDITIONS.

Latest Reports of Climate and Crops From New York Points.

There has been no rain of any consequence in any part of the state during the past three weeks says yesterday's report of the weather bureau. As a result of this lack of moisture meadows and pastures are suffering severely. The weather, however, has been taken advantage of by the farmers to complete the seeding of oats, and the preparation of the land for corn, the planting of which is under way in the southern counties.

Winter wheat came through the winter in fairly good condition and is making substantial growth. The planting of potatoes has progressed rapidly during the past week with the soil in good condition.

Fruit has undoubtedly suffered considerably from the frosts and freezing weather during April, but the full extent of the damage cannot be ascertained at this time. Rain is badly needed for all crops.

TWO-HEADED JERSEY CALF.

Born Alive at Farm of Smith & Haver of Limpsom Yesterday.

A freak in the animal kingdom is a double-headed calf which was born alive, had two perfectly formed heads of normal size, carried on one neck and at nearly right angle to each other. The calf, which was a thoroughbred Jersey with all the characteristic markings of the breed, unfortunately lived for less than half an hour after it was born, its back being broken in delivery. C. H. Smith, a member of the firm, was uncertain yesterday morning as to what disposition would be made of the animal, though it is quite possible that he will secure the services of a competent taxidermist and have it mounted.

Tea drinkers as a rule insist on the best. This explains the tremendous demand for Blwa tea. Blwa means best. advt 1w

LOCAL MENTION.

—Born, May 16, to Mr. and Mrs. Grover Pidgeon of 119 River street, a son, Harold Irwin.

—County Treasurer B. G. Johnson of Cooperstown and Attorney C. H. Merriam of Milford were in the city yesterday conducting hearings before Surrogate Huntington relative to transfer tax appraisals. Seven estates were considered without securing one that is subject to a tax.

—The first advertising car for the Haggrenback-Wallace shows arrived in Oneonta Tuesday night, and employees were busy all day yesterday billing city and vicinity. The car came from Binghamton and goes today to Glens Falls. The circus dates are Decoration day for Binghamton, May 31 in Oneonta and June 1 at Glens Falls.

—Yesterday afternoon a motorist driving along South Main street narrowly missed hitting a little girl hardly big enough to throw a base ball who was playing on the pavement with several other young children. When the ball hit the curb it bounded out in the center of the street and had not the driver of the car been especially alert and anticipated that the girl would dive for it without looking he certainly would have hit her. He missed her by about two feet. Parents should see that the little folks at least find some other place than the street in which to play.

River Street Greenhouse Sold.

The greenhouse property on River street lately owned by Arleigh C. Hendry, who for the past two years had conducted the business, was sold on Tuesday in foreclosure proceedings by Hon. S. L. Huntington as referee. The sale was at the office of Mr. Huntington. There were three or four bidders and the price was gradually advanced to \$9,000, at which figure it was struck off to Antonio Angellilo, the former proprietor and the holder of the mortgage.

While no definite statement has been made, it is understood that Mr. Angellilo will take over and continue the business. The sale includes two dwellings, the greenhouse and other buildings.

Eggleston at First Presbyterian.

W. F. Eggleston, who a short time ago returned from a Mediterranean trip on which he evidently kept his eyes open and his wits about him, will address a meeting of the Men's club of the First Presbyterian society in the church parlors Friday evening of this week. His theme will be "Some Things I Have Seen Across the Sea," and the address will be illustrated by stereoscopic views from photographs taken by himself during the trip. The meeting will begin at 8 o'clock, and all men of the church are invited to attend.

Meetings Today.

Regular meeting of St. James' choir tonight at 7:30 prompt. A full attendance requested.

W. B. A. O. T. M. Embroidery club will meet this afternoon at 2 o'clock with Mrs. Frank Bender, 112 Chestnut street. A covered dish luncheon will be served. Each lady bring covered dish.

Regular meeting of L. C. B. A. this evening at 8 o'clock in K. of P. hall. All members requested to be present. Regular meeting of Autumn lodge this evening at 7:30.

Attention, Women of Mooseheart!

Plans for the second anniversary banquet of the Women of Mooseheart legion, to be held tonight at Odd Fellows hall have been changed. Every legionnaire bring a covered dish.

For Sale—9-acre farm on the river, good buildings, house, barn and poultry house, \$4,000.00.

40-acre farm, state road near town, bargain, \$4,200.00.

75-acre farm, good buildings, 17 cows, team, all farming implements, \$4,500.00. Judd & Sherman, Oneonta and Otego. advt 11

How would you like to live on Grove street? We are offering one of the best places on that street with all improvements in the house including hot water heat. The price is right. If you are interested phone or call Hay & Howland, 234 Main street. advt 21

Used Cars.

Two Ford touring, Ford sedan, Grant touring and roadster, Buick, Oakland and Dodge touring. All bargains. Fred N. VanVleet, 14-16 Dietz street. advt 21

For Sale—15-room dwelling, one acre of land, all improvements in dwelling, large barn, located on state road in large town. Attractive price for quick sale. Campbell Bros. advt 11

Wanted—Good reliable ladies to sell our house dresses in surrounding towns. Information obtained by writing or phoning Mrs. Mabel Horton, 10 Fonda avenue. Phone 378-W2. advt 21

The Oneonta Automobile Club.

Do you want to send your car by steamer? Your secretary can tell you the way it's done. advt 11

There will be an auction sale today of the household goods of the late Amanda Moore at 41 Maple street. See classified advertisement under "for sale." advt 11

We have several nice house dresses. Why not have a nice stylish house dress? Phone 378-W2 and our agent will call or inquire at 10 Fonda avenue. advt 21

Oakland sedan, in good condition, goes to first customer who appreciates a bargain. Francis Motor Sales company. advt 11

To make the old car and the furniture look like new. Clary's Standard Polish, 7 Hamilton avenue. advt 21

Buy your Pineapples for canning now at Palmer's grocery. \$2.75 and \$2.50 per dozen. advt 21

Asphalt roofing and all kinds of building paper at Fred M. Baker's hardware. advt 21

Cooperative Poultry Marketing Considered

County Poultry Council Discusses Serious Problem; Western Competition Threatens Market; Other Important Matters Brought Up

That Otsego county must develop an adequate marketing scheme for its poultry and poultry products or lose its markets to areas in other states far less fortunately situated, was more fully considered, was convincingly brought to the attention of the members of the Poultry Council of the Farm Bureau and Improvement association at its meetings in Municipal hall yesterday afternoon. As the speakers brought out the fact that producers in Virginia and in the Pacific Coast states are marketing their eggs in New York city at higher prices than are paid for New York state eggs solely because they have an organization of the most efficient type, the need for organization here was forcibly impressed upon all and there was no dissent to the proposition that a marketing scheme, cooperative or otherwise, be worked out for the county.

There was a gratifying attendance at the meeting, including 15 members of the Council, a large delegation of Hartwick business men and other interested citizens from Oneonta and other points in the county. Tracy Morse of Unadilla, chairman of the Council, who was reelected during the meeting to another term, presided, and Karl Green of Westville acted as secretary.

The first matter discussed was that of the culling of flocks. County Agent Barlow outlining the proposition that demonstration flocks from the state agricultural college at Cornell university be continued during the present year and that in 1923 an expert be employed to cull flocks at the expense of the poultry man affected, the idea being that the work both of culling and of educating the poultry owners so that they could do it themselves could be done more efficiently that way. It was voted to adopt this scheme in 1923.

Certification Association.

Prof. James E. Rice, head of the Poultry department at Cornell, then spoke on the problem of the certification of choice birds as the next step after proper culling. He said that it was the desire of the state that this work be done by poultry owners and spoke at length on the need and desirability of the work, stating that certification and scientific breeding are now being done in the case of every other farm animal except poultry. He stated that an organization known as the New York State Cooperative Certification association had been organized to conduct this work and that he wished the poultry men of Otsego to take the matter under advisement and join the association if they thought its methods and aims worthwhile. The association is made up of those owners who agree to abide by its regulations and to have their birds certified by the association.

The certification association has as its objects: 1. To handle cooperatively the recording and certification of birds, and 2. To inform the public at large as to the benefits of buying certified stock that both the buyer and seller may be protected. The second step will be cooperative trap-netting and pedigree hatching of certified birds by means of sub-stations in

various communities. This step, according to Prof. Rice, will revolutionize poultry breeding in New York state.

It was moved to endorse the certification plan and the committee will look into the situation and determine whether or not it will be adopted in the county. Doubtless many will join the association and be able to use its label, "Production Bred Poultry."

The Marketing Problem.

After a committee composed of C. W. Mercer of Schuylers Lake, Charles Hoffman of Hartwick, Charles Squires of Otego and County Agent Barlow had been appointed to arrange for an automobile inspection tour of poultry plants on August 22 and 23, the marketing problem was brought up. Mr. Barlow reported on the trip which he took with C. E. Stanton to Rockingham county, Virginia, to look into the marketing situation there. He said that at the county seat there are three produce houses handling the poultry products and several commercial hatcheries. The situation is being admirably handled and why trouble is experienced in marketing the products. Conditions there are very similar to those in Otsego county in regard to methods of poultry raising, and as the product is marketed in New York city, producers there are in direct competition with Otsego county.

Secretary Hicks of the Chamber of Commerce told of his visit to the cooperative wholesale market at Adrian, Michigan. There the citizens of the city and the farmers have formed a stock company to market the products and are doing a \$300,000 business a year. George E. Bates of Albany, industrial agent for the D. & H., then spoke, saying that inasmuch as the poultry population of Otsego county is greater than that of Rockingham, Va., there is no reason why a co-operative scheme which works there would not work here. Prof. Rice endorsed his views, stating that the situation is becoming serious and that through lack of organization New York state poultry men are allowing western eggs, in no way superior to the New York state product, to crowd native eggs out of the market. Organization with resultant quality, quantity and regularity of supply is the answer.

That a definite marketing scheme might be worked out in a tangible form a committee composed of George E. Bates of the D. & H., C. E. Stanton of the Southern New York railway, County Agent Barlow, Herbert Neuring of Gilbertsville, Leon J. Potter of West Oneonta, and J. Weatherly of Milford were appointed to make a survey of the situation and work out a tangible and feasible scheme. It would seem that Oneonta would be the logical place for the location of the produce marketing house, but no official action has been taken on that point.

The matter of a commercial hatchery for the county was next discussed and it was agreed that steps should be taken to secure one, preferably under private management. A committee composed of Charles Kaufman of Hartwick, Arthur Hoose of Mt. Vision, A. E. Packer of Portlandville and Mr. Barlow, was appointed to look into this matter.

THEATRE PLANS APPROVED.

Common Council Gives Consent to Alterations at Oneonta Hotel.

At the meeting of the Common Council Tuesday evening, Architect J. J. Dunlap Morrison presented plans and specifications for the proposed changes at Hotel Oneonta, transforming the present dining room into a motion picture theatre for the Shine company, owners of the Strand. Mr. Morrison stated that the plan provides for the construction of a reinforced concrete beneath the present floor, and upon these will be placed at intervals of about nine feet beams of the same materials, and when these are securely placed the present floor will be lowered at an incline and rest upon them, and that every precaution had been taken to meet not only present but anticipated regulations of any building code to assure perfect safety.

Attorney Seybold and Manager Rose of the Strand were also heard, both expressing their confidence that the proposed plan assures thoroughly safe construction.

The council voted to approve the plans when passed favorably by Fire Chief Choate, and the work to be done under the usual restrictions and to conform to all ordinances of the city. Mr. Choate has given his "O. K." and the task is soon to be undertaken.

BANKING CLASS IN O. H. S.

Local Banks Send Representatives to Demonstrate Banking Practice to High School Students.

Under the auspices of the American Banker's association, which is back of a movement for educational work in the schools for the promotion of a better understanding of banking methods among the high school students, the Wilbur National bank and the Citizen's National bank of this city sent representatives to the Oneonta high school Wednesday morning to instruct the students in modern banking practice.

During the first period of the morning session Samuel Potter, cashier of the Wilbur National bank, talked to the student body assembled in the auditorium on the subject of banking. He explained various details of banking practice that ordinarily are not understood by the average individual. The discourse was most interesting and of undoubted educational value. Following the assembly, the students of the commercial department of the high school met in the study hall, where Marcus C. Hemstreet of the Citizen's National bank conducted a series of transactions which he called "A Day in a Bank." He was assisted by Horace W. Stanton, one of the assistant cashiers of the Citizen's National bank and by Miss Cross, also a member of the bank force. The bank provided the bookkeeping machine and the necessary forms for doing banking business. A model bank was conducted by the three tellers, who opened accounts and credited deposits as presented by members of the class. The students were instructed in methods of making deposits, borrowing money and various transactions. The accounts were treated according to the most approved banking practice used in the best banks.

MAY PRACTICE IN ONEONTA

Manager Bridwell Prefers to Keep Team Here if Possible.

Manager Bridwell, who with several members of the Oneonta ball team is already in the city, does not look with hearty approval upon the proposal to motor to Stamford and back each day for the purpose of preliminary practice for the team, before the season opens on Memorial day.

This is based not upon any prejudice against the kindly offer of our neighboring village, but he is inclined to believe that the men can get together and work out a better system of play and signals upon grounds in this city, if any can be secured. The men are in condition to a man and battery practice and other work does not require the perfected diamond.

It is probable that an effort will be made today to find some suitable place for practice work in or near the city and obviate the tiresome trips back and forth to reach the other grounds. Supporters of the team including many of the younger fans, especially would like an opportunity to watch the men at work and it is believed that work here will help to arouse interest and assure good crowds on the opening day, Memorial day. The question will probably be settled today.

Dental Clinic.

The weekly dental clinic was held at the Community house Wednesday afternoon from 2 to 5, under direction of Dr. Lyman S. Delamater. Twelve children were given dental work. The work is carried on mainly among children of the age of from eight to fourteen years.

MEMORIAL DAY DEDICATION.

Major George Augustin to Deliver Address at Nehawa Park Memorial Day.

Major George W. Augustin will deliver the address at the dedication on Memorial day of the trees which the Chamber of Commerce has planted in Nehawa Park in memory of Oneonta's war dead. The exercises will be held following the ceremonies at Riverside cemetery and will be simple yet impressive. The fountain which the women of the city are erecting in memory of Ethel Seachard will be dedicated at the same time.

The ceremonies will be in charge of the American Legion and will begin with the invocation by the post chaplain. The band will then play a selection following which Major Augustin will deliver the address. The markers will then be hung and the trees formally dedicated. The dedication of the fountain, the program for which has not yet been arranged, will follow and the ceremonies will close with the sounding of "Taps."

The tree which was to bear the name of the man who although alive has been carried on the honor roll since the end of the war through mistake will be dedicated to the memory of the Unknown Soldier. It has been decided by the committee.

For Sale.

FIRST PRESENTATION TODAY

"The Four Horsemen of the Apocalypse" Smashes All Records for Big Motion Pictures—At Oneonta Theatre for Three Days.

To the vast multitude of theatre goers who are witnessing the picture of the immortal story of "The Four Horsemen of the Apocalypse," a Rex Ingram production for Metro Pictures corporation, as it is being flashed on the screen in the leading cities of the country, its magnitude and costliness can be only partially appreciated. This picture is now being shown at the Oneonta theatre.

In transferring this historical romance to the screen from the pages of the world-famous novel of Vicente Blasco Ibanez, whose 166 editions have thrilled more than 20,000,000 readers, Metro undertook an artistic task whose gigantic nature was apparent even before the opening scene was "shot." In making this million dollar cinema premiere as adapted by June Mathis, practically every known record of the motion picture industry was broken. New York, Chicago and Los Angeles three key cities representative of the middle and coastal sections of the country, immediately acclaimed "The Four Horsemen" as the greatest of cinema productions, rivaling in dramatic power and intensity the best offerings of the speaking stage. The popular verdict of these three widely separated cities is being just as emphatically endorsed by other great municipalities where it is being presented.

The setting up of new records for motion picture producers of the future to equal or surpass has come about through the very bigness of the story of "The Four Horsemen of the Apocalypse." Its characters work out their destinies on two hemispheres. From the Argentine with its far-flung ranges, to the capitals of Europe, the characters in this master work of fiction are faithfully portrayed on the screen as the story works out its tense human drama against the background of a world in arms.

More than 500,000 feet of raw film was exposed in the taking of the picture, which on the screen does not exceed 12,000 feet. Of these eighty-five miles of film—enough to reach to the top of the world's tower and back again—only that part which is presented for the entertainment of those seeing the picture takes but two hours and forty-five minutes.

Field fencing and barbed wire at Fred M. Baker's hardware. advt 21

Personal

Mrs. J. L. Wing and granddaughter Myrtle of West Oneonta were guests of friends in Albany yesterday.

Edward M. Roman and Howard W. Flunier left last evening on a brief business trip to New York city.

Frank Green and Carl Green of Westville motored to Oneonta yesterday and spent the afternoon here on business.

Mrs. J. L. Leal, who had been visiting relatives and friends in New York and Dayone, N. J., returned home last evening.

Mrs. Russell Y. Moore of Bridgeport, Conn., is the guest for a few days of her parents, Mr. and Mrs. S. L. Johnson, 23 Maple street.

Mr. and Mrs. J. D. Rainey of 7 Draper street left yesterday for Fly Creek, where they will attend the funeral of Mrs. H. E. Taylor.

Mrs. J. Dempsey Place and son John, of Gloversville and Cortland are spending a few days at the home of Mr. and Mrs. Cyde F. Bresce.

Mrs. George P. Wakeman of 29 Gault avenue left yesterday for Cincinnati, where her husband is employed on state road activities for the summer.

The many friends of Mrs. Miles Graves will be pleased to learn that Mrs. Graves and son, Billie, who have been very ill with pneumonia, are much better.

Mrs. Nicholas Fitzgerald and Mrs. Charles Harris of Albany arrived in Oneonta last evening to be present at the funeral of their sister, Mrs. Daniel F. Corr, 61 River street.

Mrs. Augustus M. Gurney and daughter of West Point, wife and daughter of Captain Gurney, are at the residence of Mr. and Mrs. L. C. Gurney, Dietz street, for an extended stay.

Mrs. L. S. Schell of Truxton, who for some time had been a guest of Mrs. H. A. Tucker of this city, left for home yesterday morning.

Mrs. Schell was formerly a resident of the county and has many friends in city and vicinity.

Supt. and Mrs. Luman R. Bowdish and the former's father, George N. Bowdish, whom the death and subsequent burial of the latter's wife brought on Saturday to this city, left yesterday for their home in Sheffield, Mass.

Mr. and Mrs. George L. Winans and Mr. and Mrs. Eugene C. Fisk motored to Kingston yesterday, returning with Mrs. William M. Fisk, daughter of Mr. and Mrs. Winans, and her little son, George William, and Miss Ruth Winans, all of New York, who will remain in the city for some time for a visit with their parents.

Rev. Frank M. Caughey, pastor of the United Presbyterian church, is in attendance at a meeting of the committee on mission of the general assembly of the church at Janesville, Ohio, this week and early next week goes to Cambridge, in the same state to attend the annual meeting of the general assembly which continues until the end of the month, he representing the Delaware presbytery.

Mrs. Caughey is spending the time among relatives in Eastern Pennsylvania, where Mr. Caughey will join her early in June for a visit before returning to his pastorate here.

Funeral of Mrs. D. F. Corr. Funeral services for the late Mrs. Daniel F. Corr will be held at 9 o'clock tomorrow (Friday) morning at the family home, 61 River street, with requiem high mass at 9:30 at St. Mary's Roman Catholic church. Rev. Father Noonan will officiate and interment will be in Calvary cemetery.

Pleasant Meeting of White Roses. The White Rose Sewing circle was pleasantly entertained yesterday at the home of Mrs. Clifford Tansett, 146 River street. Sewing, crocheting and music were features of the afternoon. The hostesses were Mrs. Tansett, Mrs. W. Mellus, Mrs. H. Kirchbaum and Mrs. F. Munson.

TAMING OF THE SHREW

LOCAL MEN AND WOMEN GIVE EXCELLENT INTERPRETATION OF FAMOUS SHAKESPEARIAN COMEDY.

Edward Waldmann's Modernized Version Proves Vehicle for Much Good Work on Part of Well Chosen Cast — Mr. Waldmann and Miss Anna LaRue Star in Leading Roles — Benefit of Catholic Daughters of America.

Katherine, the most famous shrew in history, was thoroughly tamed in modern fashion at the Oneonta theatre last evening, the occasion being the production by Edward Waldmann, supported by a capable cast of local people, of that eminent actor's modern version of Shakespeare's delightful comedy. The performance was given under the auspices of Court Regina, No. 217, of the Catholic Daughters of America, and was witnessed by a large audience, which was sincerely enthusiastic in its applause of the very praiseworthy work of all who participated. Home talent productions are always enjoyable and "The Taming of the Shrew" was not only highly pleasing but was truly of high merit. The roles were more difficult than amateurs are ordinarily called upon to fill and the players did so well with but few rehearsals is creditable to themselves and to their capable instructor, Mr. Waldmann.

The plot, familiar to nearly all, concerns the taming of Katherine, the Shrew, by her suitor and subsequent husband, Petruchio, gentleman of Verona. At first haughty and so entirely willful as to make her unmanageable by family and friends, Katherine, by the rather forceful methods of Petruchio, becomes as meek and docile as the humblest maiden in the land.

As Petruchio, Mr. Waldmann gave a rare interpretation of a very difficult part, putting himself in the class of the few good Shakespearian actors. Anna LaRue, as Katherine, gave a performance that would have been creditable to any professional.

She was one of the hardest in all Shakespear and her interpretation left little to be desired. She was a very shrewish Katherine and a very charming Katherine as occasion required. As Baptista, her father, James Walsh, was dignity itself. Irene Hayes, as Bianca, Katherine's sister, and Joseph Gibbons as her suitor, Hortensio, played their roles admirably.

Some of the comedy parts came down LaRue as Grunio, Petruchio's butler. Mr. LaRue gave as good an interpretation of that ludicrous role as has ever been seen in Oneonta. George Ciesielski as an eccentric music master, William Crowley as a stuttering tailor, Ernest Lynch, the blustering French cook, the Misses Helen Scanton, Pearl Crook, Helen McGuinness, Clara Koster and Magdalene Farone as comic maids, and Alfred Vallee, Paul Reilly and John Daley as the servants, contributed greatly to the enjoyment of the play, the work of the first three named being especially commendable. Mrs. T. H. Purcell was pleasing as Curtis, the housekeeper, and Mrs. James Norton as Mde. Frgause, the opera singer, delighted all with her rendition of "At Dawning."

The names of others who participated as guests and flower girls follow:

Guests — Mr. and Mrs. Clifford Walsh, Mr. and Mrs. E. Lynch, Mr. and Mrs. J. Lynch, Mr. and Mrs. W. Getter, Mrs. Charles Brand, Misses Rosetta Morgan, Elizabeth Rogers, Agnes Foster, Margaret Miller, May, Marjorie Perrin, Yula Grosfanti, Dolly Petre, Grace Gorman, Clara Klotter, Elizabeth McCarthy, Mary Houlvian, Alice Vallee, Marion Waiser, Mr. Hogan, J. Daley, A. Vallee, J. Brady, A. Hogan, Messrs. P. Walsh, J. Nelligan, W. Burke, D. Burke.

Flower Girls — Catherine Boyle, Virginia Bolles, Mildred Hogan, Mary O. Hattery, Chas. Walsh, Margaret Berger, Mary Donovan, Rita Gardner, Hannon Gardner, Dolores Dury, Loreta Kelley, Mable McHale, Pauline Bolles, Dorothy McGuinness, Virginia Davis, Margaret Young, Elizabeth Keegan, Blanche Delaney, Alice Goddard, Eleanor Drendon, Vivian Houck, Bernadette Riley, Loretta Byam, Louise Vallee, Katherine Hogan, Irene Sargent, Marion Rogers.

The play had been provided by Mr. Waldmann with several musical numbers which were thoroughly enjoyed. Clifford Walsh sang a tenor solo in his usually pleasing fashion and he and Mrs. Norton rendered a duet which was heartily applauded. Miss Irene Hayes, accompanied by the wedding guests, sang a delightful solo. For her solo dance, Miss Grace Gorman deserves high praise. One of the effective touches in the production was the wedding procession, in which the guests participated, led by a number of sweet little misses. Between the acts Mrs. Augusta Errera of New York city rendered several vocal selections, accompanied by Mrs. DeForest Goodell of Worcester. Her singing of "Kiss Me Again" brought the most applause.

It cannot be truthfully said that Mr. Waldmann's modernized version was an improvement on Shakespeare's original but the plot of the story was preserved and the lines followed accurately for the most part and the introduction of the musical numbers together with the modern setting made an interesting departure and doubtless had a more popular appeal than would the classic version. This statement is not intended as an adverse criticism of the production. The players had been well coached and they, as well as Mr. Waldmann, gave a performance that approaches the best ever presented by local men and women. It afforded an evening of rare pleasure for all who attended.

Domestic Science Picnic. The members of the domestic science classes at the Oneonta high school journeyed to The Rocks for a picnic supper last evening. After the close of school at 4 o'clock eleven girls gathered for the frolic. After surmounting The Rocks, preparations were made for the frankfort roast, which proved to be very popular as a picnic feast. The afternoon was spent in enjoying out-of-door games. At this time of the year a picnic is one of the most popular outlets for spring fever, especially among students. The Rocks witnessed the fact that the domestic science girls are most efficient in planning and enjoying a picnic.

Brother of Well-Known Oneontan.

Dr. Moses P. Kirwan, a leading dentist of Albany, died Tuesday afternoon from a paralytic stroke, after having been ill for about a year. He was 52 years of age and in early life a printer, employed in the Government office at Washington. While there he studied dentistry in the National university, graduating in 1890. He then returned to Albany and had since successfully carried on the profession at 99 North Pearl street.

Besides his wife and four children, Dr. Kirwan is survived by one brother, John J. Kirwan of 22 Ford avenue, and two sisters, Mrs. John Herlihy and Mrs. Stephen Stapleton of Albany, the latter formerly of this city. The funeral will be held at his late home at 9 o'clock tomorrow morning and at 9:30 there will be solemn requiem high mass from St. Vincent de Paul's church. Burial in St. Agnes' cemetery.

J. J. Kirwan departed for Albany Tuesday evening. Mrs. Kirwan will leave this morning to be present at the services on Friday.

NEW YORK GIANTS "SKE SNAKES"

They Belonged to Charles Woodhall Formerly of Oneonta.

A New York exchange of recent date contains the following which will interest Oneonta friends of Charles Woodhall, once assistant secretary of the local Y. M. C. A., and later secretary of the association at Troy:

"En route from New York to St. Louis the Giants saw snakes on the train without going through the usual preliminary in the way of imbibing 'corn slicker' or liquid lightning in any form. A fellow passenger, their train was Charles 'Snakes' Woodhall, boys' secretary of the Rotary club of Jersey City and a prominent figure in the 'boy movement' all over the country. Mr. Woodhall's hobby is snakes, which he uses as a card of introduction to boys whom he addresses from time to time. He had a bag full of reptiles with him and handed them out for inspection by the Giants. Bill Cunningham was the only player who displayed no apprehension at sight of the snakes, even going so far as to let one of them coil itself about his arm. When Howard Berry learned there were snakes on the train it was with difficulty that he was restrained from jumping out the nearest window."

The Great Hour of Morvich.

For the moment Morvich is monarch of the American turf. This moment of crowning is that also of his debut in the three-year-old class of racers is a fact adding extra lustre to his fame. A record of eleven victories in as many starts as a two-year-old affords a solid basis for his claim on royal honor. To complete the sum of his glory, the Kentucky Derby which he won on Saturday was the sort of event that has made the racing of thoroughbreds the sport of kings.—[New York World.]

Fashion Shop: Special sale on silk dresses at \$12.98, formerly sold for \$25 to \$28, sizes 16 to 18. Also white wash skirts at \$2.98 and \$3.50. Eva Munson, 176 Main street. Up stairs. Look for sign over sidewalk advt. 2t

THE WAYS OF WEST END

Mr. and Mrs. Henry Jenks Given Reception on Return From Honeymoon—Other Items of Interest.

The newlyweds were royally entertained Tuesday night, when about forty relatives and close friends of Mr. and Mrs. Henry Jenks gathered at the home of her parents, Mr. and Mrs. Otto Bradley, at 7 Ceperley avenue, for a reception in honor of Mr. and Mrs. Jenks, who were married on May 1 and have just returned from their honeymoon in New York and other eastern cities.

The feature of the evening was a delicious course dinner served by Mr. and Mrs. Bradley and Mr. and Mrs. C. J. Jenks, the groom's parents. The dining room was beautifully decorated for the occasion with carnations and ferns. There were several small tables about the room and a larger one in the center for the bridal party. The dinner was well prepared and greatly enjoyed by all.

The remainder of the evening was spent in a social way and with vocal and instrumental music. The newlyweds were presented many beautiful gifts, including a mahogany table and electric lamp, silver, cut glass, linen and money. Mr. and Mrs. Jenks are making their home at 10 Murdock avenue.

Giles Move to the Junction.

Laverne Gile has moved his family from 384 Chestnut street to the farm he recently purchased at Coopers-town Junction. Mr. Gile has been employed on the D. & H. for a number of years and this West End friends will regret the family's departure. Mr. Gile intends to farm it for a while now.

Matters of Moment.

VanWoert & Thayer, the contractors, have added Earl Hoke of Herkimer to their force of carpenters. Mr. Hoke has moved his family near this city and expects to remain here permanently.

E. E. Bush of Jersey City was the weekend guest of Mr. and Mrs. W. U. Woodworth, 243 Chestnut street. Miss Doris Hanlon of 239 Chestnut street is suffering with pneumonia.

VanWoert & Thayer have a force of men at work remodeling the barn on Frank VanEttens' farm near Milford.

James O'Kelley, the D. & H. conductor, has taken possession of the fine new residence at 20 Jackson avenue, he recently purchased through Sullivan's agency of S. A. Clinton.

Mrs. Lucinda VanWoert, Mrs. V. L. Roberts and son, Marshall, and Mr. and Mrs. Robert Thayer, all of The Plains, and Mrs. Menzo Butts and children of Lewis avenue and Mrs. Otis Whitbeck of River street, attended the funeral of Mrs. Scott Davis, formerly of Oneonta, at Worcester this week.

For a little money we can place you in possession of a nice building lot with barn that can be remodeled into a modern bungalow. At the price offered this lot will move quick. Hay & Howland, 264 Main street. advt 2t

For Sale—Soft drink dispensary and bottling work, all machinery and equipment. Campbell Bros. advt 1t

WORK FOR CLEAN EGGS

Plenty of Nests and Clean Straw Make Better Market than for Filthy Product, Figures Show.

The fact that about a third of the eggs put on the market for sale are dirty and for this reason do not bring top prices, leads the poultrymen at the state agricultural college to suggest how farmers may put on the market a clean attractive product.

The main thing is to have plenty of nests, says the specialists. One for each six hens is not too many, and they should have plenty of fresh straw.

A good litter of straw on the floor also gives the hens a "door-mat" to wipe their feet in, which they will use if there. Gathering the eggs early in the day prevents tramping on them, but when the ground is soft it is better to keep the hens in the house until about three, gathering the eggs when the stock is let out. Chicken wire nailed between the roosts and dropping boards is suggested to keep the hens' feet clean, and frequent cleaning of the boards will also help.

Those eggs which are dirty when gathered, the college says, should be washed at once and sold as soon as possible for immediate consumption. All eggs should be stored in a cool moist place free from mustiness or odor, and should not be handled more than necessary. Moving them from a cool place to a warm one causes them to sweat and injures them, and keeping them well covered helps to protect them from deterioration.

College Girlhood Taller.

The American college girl of today is rapidly becoming taller. This fact was revealed by the statement of President Henry Noble MacCracken that in the past ten years the height of the average student at Vassar had increased a full inch and a half. This striking change President MacCracken credits to the physician education which today has become a prominent feature in every woman's college.—[New York Sun.]

NEW \$35,000 SCHOOL BUILDING

Bloomville at Special School Meeting Last Evening Approves Project—Vote 47 to 7—Plans by Otto Epps of Oneonta—Ready in September.

Bloomville, May 17.—By a vote of 47 to 7 at a special school meeting here this evening, Bloomville approved the erection of a new school building to cost with site \$35,000 and there is much rejoicing among the enterprising, progressive residents who evidently are in the great majority.

The plans for the building which have the approval of the department at Albany, were prepared by Architect Otto Epps of Oneonta and provide for a modern and up-to-date building of brick construction. It is hoped to award the contract within a very few weeks and to have it in readiness for occupancy when the school assemblies in September.

The building will be located upon a new site consisting of three acres of land in the center of the village and opposite the railroad station upon a commanding knoll, in view of the passengers on the railroad. Representatives of the department of education at Albany have pronounced it one of the most desirable sites selected for a new building in recent years in this section.

The board of education plans to ask for bids for its construction at once and to award the contract if a satisfactory price is named as soon as they are received and opened.

This is No. 3 of a series of Rinso endorsements from the leading washing machine manufacturers of this country

Why the makers of the well-known Laun-Dry-Ette recommend Rinso

THE LAUNDRYETTE MANUFACTURING CO.
1190 EAST 152ND STREET
CLEVELAND

Lever Bros. Co.,
Cambridge, Mass.

Gentlemen:

Our washing experts have found Rinso so satisfactory that we are glad to recommend its use in the Laun-Dry-Ette.

A soap that does not dissolve completely often makes greasy deposits on the clothes. We found no little soapy particles floating around in the water in our tests with Rinso as we did with some of the other soaps.

Rinso dissolves to the last grain in boiling water, making a soap solution of even strength. This solution gives a quick, heavy suds that break down the dirt. This quality in a soap is appreciated by every washing machine manufacturer, for it prepares the way for the efficient operation of the machine.

Twelve minutes was the average operating period with Rinso and not a single article had to be hand-rubbed.

Our analysis of Rinso shows that it contains nothing harmful to the Laun-Dry-Ette. This indicated, of course, that it would not injure any of the pieces washed with it. Our practical washing tests proved this to our complete satisfaction.

Very truly yours,
THE LAUNDRYETTE MANUFACTURING COMPANY

J. H. Markham
President

LONG before the first Laun-Dry-Ette was put on the market seven years ago the manufacturers of this famous machine started making soap tests.

They knew that their machine could be mechanically perfect—yet not give perfect satisfaction if the wrong kind of soaps were used.

Today after months of searching tests with many soaps they are recommending Rinso in the Laun-Dry-Ette.

Tests made by other great manufacturers

The same exhaustive tests have been made by the leading washing machine makers throughout the country. All are endorsing Rinso without qualification.

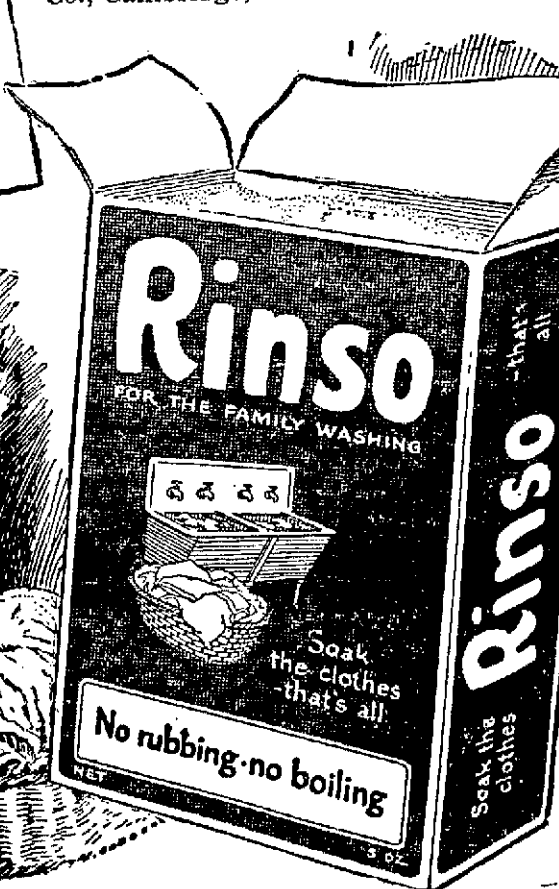

Rinso is made of pure cleansing materials so perfectly balanced that it is taking the place of bar soap at every step of the family wash.

When you put your clothes to soak
Dissolve Rinso in boiling water—use enough to get big lasting suds. Then, let your clothes soak an hour or more—overnight if you like—(colored clothes only half an hour). Soaking in big, lasting lukewarm Rinso suds softens the dirt.

In any washing machine
Use enough Rinso solution to make a heavy suds. Operate your machine from 10 to 15 minutes. Rinso is the ideal soap for machine washing.

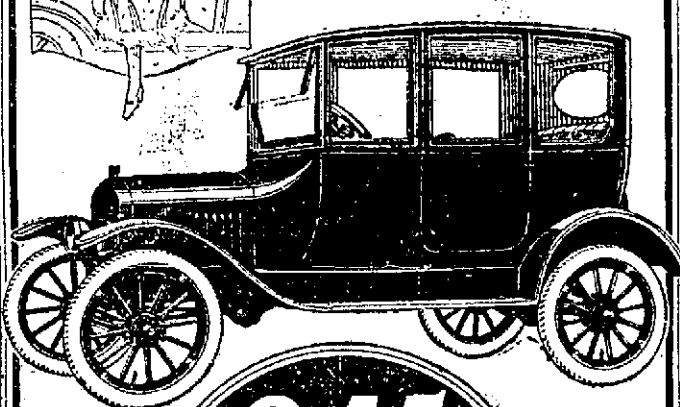

If you boil
Boiling isn't necessary, but if you like to boil your white cottons, pour enough Rinso solution in the boiler to give you the suds you like.

Rinso is made by the largest soap makers in the world. Sold everywhere. It comes in two sizes—the regular size and the big new package. Get Rinso today—at grocery and department stores. Lever Bros. Co., Cambridge, Mass.

However your washing is done

The same qualities that make Rinso an ideal soap in any washing machine make it the best soap you can use whatever way you do the family wash.

NORWICH MAN KILLED

Charles H. Adams Struck by Lackawanna Flyer at Woods Corners Crossing.

Norwich, May 17. — Charles H. Adams, a long-time resident of this city, was instantly killed by Lackawanna train 803, which left the station at 4:32 this afternoon. Adams, who was riding in a light carriage, drove upon the track at the Woods Corners crossing two miles north of here, directly in the path of the flyer. His skull was smashed, both legs broken and chest crushed. The carriage was a complete wreck, but the horse escaped with only slight injuries.

Adams was 68 years old and a stone mason. He had been to the store at Woods Corner and was returning home. He leaves a wife, three sons, Hiram of South Plymouth, Merton of Utica and Clarence of Norwich, and one daughter, Mrs. Goldie Phillips of this city.

The Woods Corners crossing is considered dangerous. It is protected only by a gong. Adams being partially deaf probably did not hear the bell. The body was brought by Lawrence & Devine to their undertaking rooms here and awaits completion of funeral arrangements.

No Discrimination.

A convention is said to have been drawn under which Great Britain assures our equal rights in Palestine. The Mesopotamia issue has not been settled yet. Our State Department is on solid ground in preventing discrimination against Americans. —[Brooklyn Eagle.]

BIG CIRCUS PARADE

Hagenbeck-Wallace Shows Will Offer "Two Miles of Golden, Glittering Pageantry."

HIPPO DOES THE SHIMMY

More Than Five Hundred Wild Animals Feature Big Show to Appear Here On May 31.

The first big circus in Oneonta this year will be the Hagenbeck-Wallace show, which will be here Wednesday, May 31.

Yesterday the advance car, the first of three which will be here heralding the coming of the circus, billed the city and on billboards and dead walls everyone can see pictures of "Alyse," the only trained hippopotamus in the world and scores of other wild beasts which have been taught to obey the commands of trainers.

Alyse is said to be a good little girl ordinarily. In the old days of circus advertising, she would have been called "The Blood Sweating Bohemeth of Holy Writ." Nowadays, however, she is just plain hippopotamus.

The big beast which daily walks around the big amphitheatre of the circus, which is some stunt for a hippopotamus to do, behaves herself fine and dandy until the band swings into a lively jazz, and then Alyse just can't help herself—she starts to shimmy.

There are more than 500 animals, ranging from the eleven big elephants to about a hundred monkeys, which represent every possible species of the monkey family. There are great big fellows and little ring-tailed comedians. The five battling kangaroos with the circus always have a lot of fun themselves and in addition make fun for the spectators. Remember in the old days it used to be the delight of the sporting element to put five negroes in a prize ring and have a battle royal? That's what the five kangaroos do—all by themselves with no attendants in the ring.

The Hagenbeck-Wallace circus is the only circus of great magnitude which still retains the morning street parade as a feature of its visit circus day. The parade, according to advance notice, is "a solid two miles of golden, glittering pageantry," and all of the wild beasts in the circus will be seen in the parade in open dens.

In addition to the scores of lions, tigers and other wild animal actors, there are dozens of stirring circus acts, high wire walkers, the famous Davenport Family of bareback riders and 51 clowns, headed by Joy Coyle, the King of Clown Alley, to furnish the fun for the kiddies and the grown folks as well.

Potatoes Two Years Old.

E. S. Niles, residing on Onondaga R. D. No. 2, displayed at this office yesterday specimens of potatoes well preserved that were grown in the summer of 1920. They had been in a wooden bin three feet from the floor in the cellar at Mr. Niles' home and were in cookable condition. The expert gardener in the editorial rooms at The Star will plant some of them in his garden. They are the Mills Wonder variety and Mr. Niles secured 70 bushels of sorted ones from a one-fourth acre despite the poor yield generally experienced in the year named.

STATE SCHOOL AT COBLESKILL.

Makes Good Showing Compared with
Farmington Institution.

A staff writer of the New York Evening Post has been investigating conditions at the New York Evening Post has been investigating conditions at the New York State Institute of Applied Agriculture at Farmington, Long Island, and the disclosures reflect no credit upon the director, A. A. Johnson.

In referring to the conditions there the writer in the Post states that Johnson has drawn two salaries, one from the state and one from the federal government, the latter for instructing disabled soldiers.

The following paragraph from one of the articles containing contrasting figures from the Cobleskill agricultural school will be read with interest by residents of this section:

Built to accommodate 1,000 students, Farmington, offering free tuition, has less than 200 students six years after its opening, and one-third of these are the disabled soldiers paid for by the Federal Government. Not only has it fewer than 200 students, but last year it turned in only \$31 in tuition fees to the State, as against \$6,272 turned in by the smaller State Agricultural School at Cobleskill. Furthermore, the moneys received by the State for farm produce were \$6,483 from Cobleskill in 1921, as against \$861 from Farmington.

AT THE HUNTINGTON LIBRARY.

Books, Magazines and Pamphlets
Available for Summer Season.

The library is constantly adding to its material on the season's topics—for the present, books and magazines, old and current, are placed conveniently for readers on such topics as birds, flowers and vegetable gardens and gardening, laying out of grounds, small house construction, fishing, camping and other outdoor subjects. Patrons will please remember that the library is not open until 11 o'clock in the morning, and is then open until 9 o'clock in the evening, with only one hour of closing, from 12 to 1 at noon.

For patrons of the library planning summer vacation special privileges in number of books and time of loan will be arranged for at the loan desk. The books on the second floor given by Mr. Huntington have been rearranged for greater accessibility, and an hour or so may always be spent among them with great profit and pleasure. It is an unusual mine of literary values. Although these books are not completely ready for circulation, most of them may, by special arrangement at the desk, be taken out for a seven day or two week loan.

STATE CHARITIES AID

Plans for Activities for Coming Year
Outlined at the Fifteenth Anniversary
Celebration of the Association
at New York.

Misses Nina V. Short and Marie Goulet, delegates from Onondaga county to the fifteenth anniversary celebration of the State Charities Aid Association held in New York May 11 and 12, report an unusually inspirational and interesting meeting.

Yomer Folks who has been secretary of the organization for twenty-nine years in opening the series of meetings said that on entering its second half-century of service the association would work for the following: To do away with the remaining two-thirds of the volume of tuberculosis as it existed fifteen years ago, to bring prompt and expert medical diagnosis and treatment, trained nursing and home assistance to every sick and injured person in the State; to secure special classes for all difficult and backward children in schools; to secure clinics with expert doctors and social workers in every part of the State for those apparently mentally disturbed or delinquent.

Young men and women, who as children were waifs, and foster parents who have adopted homeless children told of their experiences at the May 11 afternoon meeting. The work of aiding the fifteen thousand children who every year become dependent on the public in New York state was the feature of the first day's meetings. The Association has placed 2,400 children in foster homes since it began its child-placing work in 1898.

It was announced by John A. Kingsbury, secretary of the Milbank Memorial Fund, established by Mrs. Elizabeth Milbank Anderson, as a memorial to her father, Jeremiah Milbank, that three demonstrations in the reduction of tuberculosis mortality were planned for New York state similar to the one carried through in Framingham, Mass. where the death rate from tuberculosis has been reduced 67 per cent. Onondaga county is one of the counties to be considered.

"The purpose of these demonstrations," Mr. Kingsbury said, "is to determine whether every type of American community, with proper organization and with reasonable expense can reduce its death rate from tuberculosis to a practical minimum. The three localities selected will be a rural county ranging in population from 45,000 to 77,000, a second class city, and probably a crowded district in a large metropolitan city."

Dr. Thomas W. Salmon, medical advisor of the National Committee for Mental Hygiene, outlined a State program for dealing with mental defectives. Dr. Salmon said there were five essentials to a successful program for community control of mental efficiency—diagnosis, registration, supervision, education and segregation. He said that for many types of mental defect institutional custody is necessary, both for the welfare of the defectives and of the community, but that for large numbers of feeble-minded a system of extra-institutional care and training should be developed.

ACCIDENTAL DEATHS REDUCED.

Work of D. & H. Safety Committee
Has Cut Down Accident Mortality

That deaths by accident on the Susquehanna division of the D. & H. have decreased 75 per cent since the Division Safety committee was organized in 1915 was brought out at the meeting of the committee held yesterday afternoon in Superintendent Leamy's office in this city. The committee, composed of employees from different points along the division, has held numerous safety rallies and has issued quantities of safety propaganda, and that its efforts to reduce accidents have borne fruit is attested by cold statistics.

At yesterday's meeting the matter of issuing a booklet of instructions concerning proper methods of first aid to be given in case of injury, or sudden illness was discussed. It is expected that the booklet will be prepared in the near future and it was recommended by the committee that a copy be given to each employee.

The meeting was the second triennial meeting of the committee and was attended by 19 members of the committee from various points on the division. J. E. Long of Albany, superintendent of safety, addressed the gathering.

OPENS OFFICE HERE

H. Dunlap Morrison, Architect, Has
Office at 191 Main Street.

Architect H. Dunlap Morrison of Stamford who prepared the plans for the theatre in the Ontario Hotel building for the Schine Theatrical corporation, has opened an office at 191 Main street which he will run in conjunction with his Stamford office.

Mr. Morrison is an experienced architect and structural engineer with wide experience in larger cities. Until recently he had offices in New York and Montreal moving to this vicinity because of the fact that his wife's home is in Stamford. Mr. Morrison was engaged for five years with the American Bridge company as a structural engineer and has been city architect of West Mount, Quebec, Canada, and building inspector for the city of Verdun in the same province.

Money in Circulation.

Money in circulation in the United States equals \$48.89 for each person. And there is now a better average distribution of it than at any other time. Judging by the spending capacity of the people in spite of hard times and other hardships. In the light of spending, it is evident that there was a good deal of wrong imagining in the statements made during the war and afterwards, that people were getting tired of about all the money they earned.

KEEN COBLESKILL OFFICER

Deputy Collector Warner Captured
\$15,000 Worth of Smuggled Gems.
George E. Warner of Cobleskill, who is deputy collector of internal revenue at Plattsburg, captured two alleged diamond smugglers on the Montreal express for New York on Monday night and secured diamonds valued at \$15,000. Warner, who had evidently been tipped off as to the possibilities in the case, boarded the train at Rouse's Point and proceeded to inspect the baggage of Israel Zeiger and Louis Lievitz of Philadelphia, the latter believed to be a diamond merchant. Nothing contraband was found on the

men, but subsequently the diamonds were found wrapped in a handkerchief and stuffed into the berth light. The stones were 43 in number and averaged more than a karat each in weight.

The gems were taken to a Plattsburg jeweler for appraisal, and in the meantime the men are in jail in that city. Warner has been on duty at Rouse's Point for only a short time but has already made an enviable record.

Your grocer probably knows that Hygrade Brand Butterine is the best. But if you order by name you will be insured against dissatisfaction. adv. 1w
